Dear Stupid Illiterate Hick Cunt Bill Gates,

Hinduism and Judaism and Islam and Christianity and Buddhism have molded entire Civilisations and gave rhythms of living healthy cultures, organised people's meaning in existence, gave people peace of mind and reduced strife over millenia you stupid dipshit. You think your "Master Race Theory" will compete with these? This has never produced a *Single* success in history you moronic stupid cunt. It produced a war with seventy million casualties and not even a decade of healthy Civilisation anywhere on Earth. You're the smartest guy of what planet dipshit hick illiterate moron? You're a charlatan without a goddam lightbulb working up there.

Thanks,

Zulfikar Moinuddin Ahmed
