PREDICTS DECLINE AND DISSOLUTION OF WESTERN  
CIVILISATION IF BILL GATES IS NOT DESTROYED**

My American Dream was devastated by Bill Gates. Around \$620 million of my legitimate income is obstructed by him and he does not want me to succeed because he is obsessed that only white people ought to be allowed to succeed in America.

You see, this is not a small thing. The fact that Bill Gates, despite doing these is still not destroyed, even after actual War Crimes according to United Nations Human Rights and Security Councils makes very clear to me that the Western Civilisation is on the verge of dissolution, and has run out of steam altogether.

Western Civilisation has potential obviously but I do not think that this is a very good development, the rise of this horrid disgusting *Bill Gates* spells the end of Western Civilisation.

**1. I SHOULD GET TENURE OFFER FROM STANFORD AND MY LEGITIMATE  
INCOME**

It is very clear to me that Bill Gates has illegitimately obstructed my \$620 million in earning from Finance and obstructed my legitimately deserved tenure offer from Stanford University. Harvard can offer me a tenure and transfer it to Stanford. I wish to get funding, buy a pad in San Francisco and relocate there to work on a number of things including Quantitative Positive Psychology with Technology delivery. I am most disturbed that I have been delayed in my goals by the disruption of Bill Gates. He must be destroyed by the United States Government for otherwise I have little choice but to eliminate the United States of America altogether. The United States Government is obligated to secure my natural rights and this implies total destruction of Bill Gates. I do not believe that it will be possible for the government to secure my natural rights without physical destruction of Bill Gates.
