

SWANSONG FOR UNITED STATES GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

It's obvious to me that I am superior to 80 percent of America's presidents in history as a man. I am an immortal genius with profound conscience and strong virtues.

Now if United States Government colludes to destroy me, who is a Princetonian, who has great accomplishments that are transformative for the world, who has not broken American law, who has done productive service in nontrivial employment for years of my life in America. And they collude with a third rate charlatan who is a born criminal like Bill Gates without any education or intelligence, who is deeply deranged.

How will anyone not see the writing on the wall for United States Government. It is a rotten corrupt organisation facing its twilight years. This is the Swansong of the United States Government.

1. WHERE IS "PROMINENT" IN US DECLARATION AND CONSTITUTION

I fail to understand what the fuck "prominent" has anything to do with United States Government's *obligations* to be that are Constitutional mandates. United States Government was Constitutionally-obligated to secure my natural rights. Why have they not killed Bill Gates? He is a racial murderer. I want him killed. How is 'prominent' any exception to being apprehended and killed for criminal violation of natural rights? How is this an excuse by government? Why do you think that you should not be abolished immediately? What the fuck is 'prominent'? Is it an erect penis? What the fuck is it?
