

**ZULF THINKS IT'S A GREAT IDEA TO WIPE OUT ALL US  
FEDERAL EMPLOYEES TO REMOVE CORRUPTION OF  
WHITE SUPREMACY IN AMERICA**

ZULFIKAR MOINUDDIN AHMED

Bill Gates is a White Supremacist Criminal Element who has caused greivous and permanent harm to my life and future and my Natural Rights for a year. The US Federal Government Agencies are giving glib lip service after delaying responding to secure my Natural Rights which was their job from US Declaration. I am not convinced yet that they will actually kill Bill Gates which is the right answer.

But this gives me an excuse to give them a short amount of time to kill Bill Gates and when they actually fail, accuse the whole goddam US Government of being permanently corrupted by White Supremacists and go for a total bloodbath and wiping out of every goddam US Federal Employee altogether indiscriminately and replace the whole lot of them by better people who are not White Supremacists.

This is a great idea, to use Bill Gates as bait to check if the whole US Government is permanently corrupted by White Supremacists and then when I find Bill Gates still alive just get American people together in a total bloodbath to purify America of the scourge of White Supremacists.

Now you would think that by demographics of the ethnicities this is hard. Not to worry. This is Zulf. This is Zulf and I am the master at Republic politics. It will be great to totally wipe the US Federal Government clean of any possible White Supremacist influence and restarting a New Dawn for a better America without any corruption.
