

THE BENEFITS OF TOTALLY ERASING BILL GATES FROM EXISTENCE

On one hand, events of the world happen and their explanations and analyses are secondary and various. The rationalisation of events are only for the benefit of the human mind, for human societies. I am a scientific genius and do have a great deal of reverence for Nature.

1. CONDITION A

So let us consider the following hypothetical situation in a cool and distant manner first. We consider the counterfactual situation where Bill Gates has been dispossessed of all his assets, his reputation has been destroyed across the world in the minds of billions, his entire life has been scrutinised and it is found that his achievements are either nonexistent or that he took credit for other people's work, that his success is found to have been the result of black magic evil harm and stealing and murder of others to steal their money, that he was not gifted in technology at all at any great level, that all his documentary self-promotional material were fiction, and that the image he had projected for the world as a benevolent intelligent rational gentleman was a false image and so Bill Gates never actually existed as people know him.

I want to tell you about how such a hypothetical situation would be extremely beneficial for the American people and the entire Human Race, and I want to argue that we ought to consider it a duty to realise this situation as soon as possible.

2. THE PROLOGUE

You see, I have never met the man personally in my life, but encountered him in meta around six or seven months ago. He is a murderous evil malevolent criminal uncouth abominable horrible disgusting man who ought to have been aborted before he could open eyes to the world. I am a rather good person and I am highly educated and cultivated man, a scientific genius of the first rank – I was responsible for the Four-Sphere Theory that overthrew Einstein and Schroedinger's fundamental theories and I was also responsible for showing Universal Human Moran Nature that is roughly ethnicity independent across the globe; I was also responsible for some great genius work in Finance such as closed form long memory stochastic volatility option pricing models that are the most accurate in the world and medium frequency pure arbitrage alpha strategies that apply to all asset classes (which D. E. Shaw & Co. have put \$6 bn with great success 10-12% with 1-2% volatility).

Bill Gates, I found out, had been on a extremely zealous secret war against nonwhite people in this time and his constant aim is to produce misery and dystopia for the 90% nonwhites in the world. He believes that white man's purpose is to create misery and harm nonwhite people. I should hasten to add that he does not represent, as far as I know, a single other white man's views. But that is the sort of man he is. The Bill Gates of the documentaries and interviews are all deliberately

deceptive fiction. Now my dear reader, if alert, might consider this enough to bring about Condition A.

3. MY PERSONAL REASONING

In the past six months to a year, Bill Gates had done enormous amount of harm to my life. This harm is sufficient for me to claim legitimate right to bring about Condition A myself. Among many atrocities he has committed against me, there is total destruction of my interior meta and cutting past my blood meta where no white man is allowed by White Law or any other religious law or national law, cut into my Deep Interior and use massive amounts of illicit US Military meta and cut my flesh and cook it and do other horrible acts that are all Crimes Against Humanity and not just a Death-Penalty worthy crime.

Bill Gates own rationale for committing these Evil Crimes, Abominable Criminal deeds, and Heinous Vile acts is simply that he is big, that whites are superior, and that he has right to do these because he is white, and that he would like to bring about a world order where all white people are allowed to do these things with impunity.

These are of course against US Law, and they are deep violations of my Natural Rights. They are both violations of US domestic law – and in fact the US Government was responsible for ensuring that these violations never occur by the Foundations of United States of America where US Declaration explicitly expresses the purpose of Government is to secure Natural Rights. In International Law, the UN Universal Declaration of Human Rights that was implemented after Eleanor Roosevelt led delegates of fifty five nations to carefully draft it and it was unanimously accepted by the General Assembly. Bill Gates is unilaterally interested in overturning all of these laws for his ethnic tribalist racial hierarchy ideas.

Unfortunately, United States Government Higher Ups are corrupt and lazy and do not hold Bill Gates accountable for violating criminal law.
