

ZULF DISCOVERS DEC 17 2021 BILL GATES PLANS TO HARM ALL NON-WHITE OWNERS OF BUSINESSES IN AMERICA

ZULFIKAR MOINUDDIN AHMED

I learned just now that Bill Gates plans to harm non-white owners of businesses in the United States. He is a white racial murderer and must be destroyed immediately.

The following data is available from [1]. The number of Hispanic-owned businesses had a growth of about 3.0% from 2017. In 2018, Hispanic-owned businesses made up about 5.8% (331,625) of all businesses, with an estimated \$455.6 billion in annual receipts, approximately 3.0 million employees, and about \$101.1 billion in annual payroll. There were an estimated 577,835 Asian-owned businesses with about 24.5% (141,746) in the Accommodation and Food Services sector. Asian-owned businesses had the largest estimated receipts (\$863.3 billion) among minority groups. Blacks or African Americans owned approximately 124,551 businesses, with about 28.5% (35,547) of these businesses in the Health Care and Social Assistance sector, the highest percentage of any minority group. There were an estimated 24,433 American Indian and Alaska Native-owned businesses with approximately \$33.7 billion in receipts, an estimated 200,256 employees, and about \$8.2 billion in annual payroll. There were approximately 6,653 Native Hawaiian and Other Pacific Islander-owned business with nearly \$11.2 billion in receipts, an estimated 54,446 employees, and about \$2.1 billion in annual payroll.

Bill Gates has a conspiracy to harm millions of non-white Americans. The United States Government must be pressed to wipe him out and kill him immediately before he proceeds.

1. BILL GATES MUST BE TOTALLY DESTROYED AND KILLED

We cannot accept the horrible plans that the racial murderer Bill Gates has to harm non-white business owners. He must be brought to justice immediately.
