

## HOW ZULF IS MUCH MORE SIMILAR TO CHARLEMAGNE THAN BILL GATES

Let's start here simply. I am of aristocratic blood origin – according to English Queen weaker than hers and Barack Obama's but much stronger than Bill Gates'. That is quite important. Bill Gates has no royal blood and I do. This makes me instantly infinitely closer to Charlemagne than Bill Gates. He is a hick illiterate huckster who is devoid of any nobility in blood or in soul.

Now let's go to history a bit more. You have to remember that Ostrogoths totalled Rome in 476-546. So Charlemagne (748-814) rose as the ruler of the Franks, a Western German tribe between Rhine and Ems rivers. He united Western and Central Europe.

Now let us compare my project versus Bill Gates project. Let's make this serious. Bill Gates was born in 1955, a decade after the end of a World War where the entire world order was American. I was born in 1973 in Bengal and immigrated to America in 1987. His dream is a white rule of the planet where everyone non-white is subjugated. I, in contrast believe that all people on Earth are my Beloved People.

So compared to the level of civilisation of 1945, his dream is retrograde and mine expands hope for my Beloved People.

Therefore my dream of Global Life Satisfaction unites the peoples of Earth, while his dream is strictly inferior to what Franklin Roosevelt and others achieved after a bloody world war that had 70 million deaths. Therefore I am infinitely more similar to Charlemagne than Bill Gates.
