

**UNITED NATIONS SECURITY COUNCIL WHY ARE YOU NOT
SURE WHY BILL GATES IS OBSESSED BY DESTROYING MY
PERSONAL LIFE AND REFUSES TO LEAVE?**

ZULFIKAR MOINUDDIN AHMED

I am just amazed at the lack of any sense from United Nations Security Council. Bill Gates is a hard-core racial supremacist who is obsessed by his parasitic efforts to destroy my deep interior and sack, destroy, and take all that he can find valuable. What is hard to understand here. He believes I am 'quarry' and he is a predator. He considers what he is doing as 'exploring for things' and wants to enslave and destroy all non-white people. He thinks that he can establish for all posterity white people's right to harm and invade Blood Meta and Deep Interior of non-whites and kill and destroy their lives at will. What is not 'sure' about this? He wants a world order where only white people can have wealth and joy and non-white people are enslaved, impoverished and living in squalor. What is so strange about this?

United Nations Security Council employees and officers I am having a hard time understanding why you get paid. This man has been siphoning off life blood from my deep interior for service to random white people. He is a parasite literally. A mosquito. Why is he alive? Why did you not ask Russian forces to kill him six months ago? What do you think you are doing if you don't take care of pathogens like Bill Gates quickly? All this 'international peace and security' business in United Nations law, what is this all about? The man is a direct threat to 40 percent of Americans and 4.5 billion Asians. Why don't you wipe him out?
