

BILL GATES YOU ARE AN EVIL SORCEROR AND DEMON NOT WHITE MAN

Bill Gates it is possible that you are actually being honest and think that you are a White Man and simply do not understand.

You see, no White Man in history of Earth has ever destroyed any Asian-American's Ancestral meta and interior and invaded their Deep Interior with Heavy War meta and Heavy Industrial Meta to enslave them and attempt to enslave all Asians. That's not "White". That's Demon. That's Evil Sorcerer and Demon.

White people are actually just Human. Their moral spectrum differ very mildly if at all from all Non-White people.

Now you have plotted to Enslave the Human Race and rule as Tyrant of Human Race. That's not Human. That's Demon and your heavy use of black magic marks you as Evil Sorcerer.

Now you are not the only Demon in the universe. I am an Archangel and I can assure you that just as there are billions of Archangels in the universe, there are billions of Demons too. You are not alone. You don't belong in *this particular world* because Human Race is an Angelic Race but you would fit into millions of Demonic Races.

Don't keep repeating "I'm White" like a moron. You have nothing much morally in common with other White people. Do you understand, Bill Gates, or should I repeat that?
