

**PENTAGON YOU BETTER SHOW YOUR TRUE COLOURS
RIGHT NOW OR LIVE WITH WHAT YOU'VE SHOWN**

ZULFIKAR MOINUDDIN AHMED

Pentagon, the moment of truth is here. You better show your true colours right now. Or you will be judged by what you've shown. What's in there exactly? What have you got? You have something to show?

That's right. If you give people reason to doubt your true colours you get branded with what you have shown. Are you good? Are you evil? Are you just? Are you malevolent. Do you know who you are?

Chop chop. Out with it. You are in the view of the whole world. You are being asked to show your true colours. Don't disappoint yourself. I am fine with mine. Are you fine with yours?
