

US SENATE CONSISTS OF MANY BAD PEOPLE WHICH IS WHY THEY DON'T KILL BILL GATES

ZULFIKAR MOINUDDIN AHMED

US Senate knew that Bill Gates cut up my eyes using horrible evil racial and black magic powers long long ago. But since they are mostly Bad people, they came up with all manner of excuses to let him continue harming me, to let him continue violating my Natural Rights, and come up with all manner of excuses why such a malevolent, evil bad man such as Bill Gates is more necessary to preserve and let him have his way with harming me. The explanation is that US Senate consists mostly of Bad people without any moral compass, of right and wrong, of good and evil, and who would rather sacrifice Natural Rights than do what is right by all sorts of excuses about American Economy etc. They are corrupt Bad people. Otherwise they would have killed Bill Gates without coming up with all manner of excuses to commit Treason against the US Declaration.
