

ZULF'S ACHIEVEMENTS CONTRA WHITE SUPREMACY

ZULFIKAR MOINUDDIN AHMED

I did not set out to challenge white supremacy in America and Europe originally. And that's a good thing. I was in high school in New York in a highly multi-ethnic setting and genuinely thought that Civil Rights Movement had nixed White Supremacy. The extremely vile harm done to me by Bill Gates in the past year using meta power, where he cut into my eyes and had done serious harm to my interior, Ancestral meta, Family, Romantic, blockaded my \$120 million successfully from D. E. Shaw & Co. and many other evil harm for the White Supremacy cause changed things. It convinced me that White Supremacy and other Racial supremacy is a significant problem for the Human Race.

1. I AM BETTER THAN NEWTON, SCHROEDINGER, AND MAXWELL

I sent out this poster today.

Maxwell, Schroedinger and Newton
were good but I am much better because
my Four-Sphere Theory is far more
correct than all their work.

Zulfikar Moinuddin Ahmed, June 28 2021

This is actually useful only for combating White Supremacy. It's true that I'm better than Maxwell, Schroedinger, and Newton in my grasp of Nature but they were great geniuses. What I find quite amusing is that people who are not particularly good who are white will *consider themselves* to be closer to these men than myself. It is this identification that is preposterous, so I have to disseminate messages like this. You might be white or not but you better have done your own work before you claim superiority over me but that's not how racial supremacy works. Bill Gates keeps talking about 'white science' as though *he had something to do with it*. I have never come across a person with worse scientific acumen than Bill Gates. He says "scientific theories are arbitrary". He's a total numbskull with zero talent in Science. And yet he pretends to be more similar to Newton, Schroedinger and Maxwell than myself and 'superior'. That's the insanity of white supremacy.

2. MAJOR ACHIEVEMENTS AGAINST WHITE SUPREMACY

I have shown in a series of notes that Ethnicity dependence of Human Nature Morals is strictly bounded between 6.5-9.5%. These are empirical results where moral convictions are measured by distribution of 1-10 of justifiability of various types of actions from World Values Survey. The right answer is that there is a strong regularity in moral values independent of ethnicity across the human race that is remarkable and is explained by a Single Human Race. Now Human Race originated in Africa, and only dispersed from a single human meta tribe around 75,000 years ago. So our genetic differences due to ethnicity is bounded in genetic transformations in this period. The Sewall Wright index of fixation is 0.03-0.07 across continents. In other words, across-continental group genetic variation is 3-7% of total variation. In addition 99.9% of genetic letters are exactly the same for all human beings. Much of the moral nature of man is due to evolution in the 3-4 million years or even longer before the diffusion 75,000 years ago from Africa. Therefore there is no moral superiority of any ethnicity over any other. These ideas, that there is a moral superiority goes back to 19th century European ideas from colonial times. Victorian Englishmen in particular theorised racial superiority of European whites to supplement various colonial domination projects. Bill Gates is an illiterate malevolent moron who follows some of these horrific intellectual abominations.

I have overthrown all racial supremacy theories of this type directly by showing bounds on moral variation by ethnicity. Bill Gates and his cronies will have a hard time overcoming these bounds.

3. SALMAN RUSHDIE

I just quickly saw on Facebook a snippet of Salman Rushdie. So Rushdie is a great genius in my view, and I always knew that since when I was in college. I did not like Satanic Verses at all. But *Midnight's Children* touched me deeply. In a way, people might think that being born in Bengal and assimilating to America would lead to a similar sort of experience for me as Rushdie's but I did not feel as much the strain mostly because of my personality. I was deeply internal throughout my life, and my viewpoint grew to universality in the end so that I truly do think the entire human race is my own people, and I feel comfortable with *elites* in the West. Now Bill Gates being uber white supremacist has been a devastating interference

in my life though, so I am extremely irritated, I am so irritated with Bill Gates and his pathetic low barbaric malevolent tribal ideas about white rule of the world and re-colonising the lesser races and so on that I am quite willing to ensure that every single son of a bitch in the US Government that delays his obliteration by heavy bombing has their throats slit and their body dumped in a large pile in the river. Who the fuck do they think they are? They serve us, the American people, and their primary job is to secure our Natural Rights, and they keep not killing a criminal murderous cunt like Bill Gates. Do we need these sorts of son of a bitches to live it up with our taxes? I've had my eyes cut up and my interior and other private meta destroyed by Bill Gates almost a year ago and these little shits dare to come up with excuses about how they cannot relentlessly bomb Bill Gates and obliterate his physical body? Are you fucking kidding me? I'll pour gasoline on American political opinion from California to Dakotas to Carolinas and everywhere across the continental United States and put their livelihoods in grave danger.
