

WARNING TO ALL WHITE COUNTRIES

ZULFIKAR MOINUDDIN AHMED

Dear White Countries,

How I am treated by America is how all people in the West will be treated by Asia and Africa and all of East in the future. Bill Gates has done egregious harm to me and United States Government White People have not protected my Natural Rights. But you will see that since I am the greatest immortal genius in history, and I am of Asian origin, that all Western People will eventually be treated badly by Eastern people and they will judge all Western Civilisation by how I am treated.

You should all know the consequences here. I have done my best for all human race. But do not be surprised that these things, how horribly I have been treated in the past year by Bill Gates with American Government support, have permanent consequences, where Western People are not considered with respect.
