2. MESSAGE TO BILL GATES:

Worthless Demon Bill Gates. You are not immune to Death. You will die before I do little shit. No one fucks with Zulf.

3. MESSAGE TO WORLD:

I am a good man who did not harm Bill Gates before he began harming me. I deserve to live and he deserves to die. All these worthless scumbag in Justice Department Higher ups all deserves to be burned at the stake for being minions of a Demon who did not secure my Natural Rights. I am an immortal Genius and Bill Gates is a charlatan deceiver whose contributions are menial and trivia compared to my own. I am far more entitled to be treated with respect than Bill Gates. I am superior to Bill Gates.
