

YOUR ARROGANCE BLINDS YOU TO TOTAL STUPIDITY UNITED STATES GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

Your arrogance blinds you to stupidity American Government. Every nation in the world since 1945 have been diligently refactoring their national laws with United Nations international law at great efforts and costs. You have instead done nothing much except given glib lip service while pretending to rule the world.

When the world realises clearly at the betrayal and deception that you have shown them since the moment Eleanor Roosevelt worked to establish UN Universal Declaration of Human Rights in 1948, do you really think they will give up diligent work that cost them a huge amount for seventy years? No they will wipe out the United States with massive nuclear detonations and high five each other for a job well done and forget about you. No one likes people like you who give lip service to human rights, bomb everywhere to bloody mess, and then pretend to be morally superior and violate them in their own nation. You are too arrogant to even understand this.

1. YOU DON'T SEEM TO BE BRIGHT UNITED STATE GOVERNMENT

It's true that here Bill Gates is the bad cat but the things that I am bringing up in United Nations, Genocide of Natives, destructive enslavement and horrible treatment of blacks through the nineteenth century, and postwar wars in Asia non-stop from 1950 against Asians, with horrible massacres killing 17 pregnant women and 500 people and burning entire villages in 1968 in My Lai Massacre, Abu Ghraib in 2003, these are not Bill Gates. These will surface and whether Bill Gates and I both disappear from the stage, you will be facing a different world.

Why did you not kill Bill Gates a year ago ? I asked you to relentlessly bomb him and obliterate him physically. You are responsible for incompetence at levels never seen before in history of international politics, and so you will face the consequences of this incompetence.
