

**AMERICAN FEDERAL CRIMINAL AUTHORITY IS STILL
UNCORRUPTED BY THE NSC-68 SECRET GOVERNMENT
WITH \$768 BILLION**

This is very good. This is very very good. Eurasia, can you please take a look at whether it is true that the American Federal Criminal Authority is at all contaminated by NSC-68 corruptions of our Multi-Ethnic Classical Liberal Democratic Republic?

The Gangtas might have felt criminal justice within the nation is too menial and forgot to totally take over criminal justice within the nation by extra-democratic means. They did Defense money orientation.

Eurasia, please secure American Federal Criminal Investigation Authority. This is marvelous. Then we can use this part of the government to bring all the Gangta material as *Domestic Criminal Conspiracy* and then that will end the deep corruption of our beautiful Multi-Ethnic Classical Liberal Democratic Republic.

Hehehehe

Dwight Eisenhower was quite clueless. Little did he know that Zulf would be here one day.
