

ZULF'S STORY OF AMERICA BEHIND NSC-68 STRUCTURES LAY THE INDIAN REMOVAL ACT FOR ALL OF ASIA

ZULFIKAR MOINUDDIN AHMED

Long ago, in 1830, there was an American President named Andrew Jackson. He hated native Americans. He signed the *Indian Removal Act* that led to *The Trail Of Tears*. There are great detailed histories of this decimation and genocide of native Americans, lost from history and we will never know the anguish and the suffering that white Americans inflicted on the natives whose land was taken from them, their lives and cultures were totally destroyed, and celebrated with Thanksgiving Turkey dinners later. And then a century later 1930 and Depression and America gets out of it by expanding into war preparations, and by 1945 Allies win the Second World War with nuclear bombing of Hiroshima and Nagasaki. Twentieth century, Korean, Vietnam, Iraq and Afghanistan wars, with all manner of *Cold War* rhetoric. But in reality this is Andrew Jackson's Genocidal intent hiding behind NSC-68 structures. Then 2021 comes along. United States of America is repelled from Afghanistan, rhetoric changes to *Great Power Rivalry*. What is the constant here? What has changed and what has remained the same? Well in Allen Texas, an Asian-American is on disability trying to get his trainwreck of a life back in order. His American Dream is achieved finally as he produces great advances in Finance, his profession in America. He manages to impress David E. Shaw & Co. who are willing to pay him \$120 million. He impresses Christine Lagarde with innovative ideas for global economy. They are generous and so he earns \$620 million. He was not aware of the Genocidal intent that hid behind NSC-68 parts of United States Government, and that Bill Gates would be their strong ally, a career racial murderer who believes that non-whites are inferior and ought to be destroyed. Zulf is alarmed. He realises that Genocide of all Asians is their game, the humiliation and denigration and destruction of non-whites lay hidden behind Democratic Republic facade. And so Bill Gates used various evil powers to destroy the life of Zulf. He's Asian, and inferior. Bill Gates was doing the bidding of the American Whites hiding behind NSC-68 structures of government. They will tolerate nothing less than total destruction of Asians, as they feel their Manifest Destiny, this time not native Americans. America had graduated towards Continental Genocide far from its soil now.

Zulf is not amused. He retaliates with unifying all of Asia under a single flag at United Nations, warns the world about the Genocidal Plans of NSC-68 parts hiding the Genocide aficionados of White Americans, protected from all Democratic Republic. Zulf sees through the facade easily. Zulf is not fooled. Zulf knows the genocidal tendency in American Whites were hiding behind NSC-68 parts of American Government. The proof is quite abundantly clear. Count the number of

people murdered without trial who were American white people, or even white people at all. None. There were no white people killed by drones. They are the *nuovo native Americans*. It would be a Continental Trail of Tears this time.

Zulf was not amused.
