

## ZULF IS JUST AMAZED AT THE GUMPTION OF AMERICAN GOVERNMENT WHITE PEOPLE

ZULFIKAR MOINUDDIN AHMED

Look, American Government White People, sorry to burst your bubble but I am an *Archangel of Heaven* ok? Do you understand? *Archangel of Heaven* embodied in human body. I am infinitely more valuable to the Human Race than the whole lot of you. You have quite the presumption to think that you, who have been plotting Genocide and destruction of all Asians throughout twentieth century would be more valuable than an *Archangel of Heaven* to an Angelic Race. That is quite insolent. I gave all human beings great gifts of knowledge of laws of Nature, in my Four-Sphere Theory. I gave humans knowledge of Universal Human Moral Nature. I showed Humanity the ways in which Aristotle's Virtue-Eudaimonia Theory is right by empirical measurements, corrected it for Virtues of Romantic Love Virtues and sought dissemination to all people at the United Nations.

In what universe would my life not be worth much more than all of yours? Human Race will all agree that it's better for an Archangel of Heaven to live and gas the whole lot of you at Auschwitz. You can believe what you like of course, but you are not better than me. You are plotting Genocide for around 4.5 billion of my beloved people day and night and you dare to allow this Bill Gates to harm me? When your duty, Constitutional duty was to protect me and you think that you will be more valuable than me? Do you even understand anything about Reason?

That is quite amazing, White People in American Government. You are impressive in your arrogance and insolence, but not much else.
