

ZULF WILL JUDGE WHETHER AMERICAN WHITES IN GOVERNMENT WILL LIVE OR DIE

ZULFIKAR MOINUDDIN AHMED

Archangels of Heaven usually do not spend a lot of time on these sorts of things. At least it's not my nature, but I am disturbed by the support that American Whites in Government have shown for Bill Gates. So I will put American Whites in Government on notice publicly and announce the process of judgment of Life and Death. I do have Divine Judgment Authority, and so I will claim this as a religious freedom right using First Amendment of United States. I am American and so I am able to exercise my freedom for Divine Judgment.

Now let me get to the point. All American White People in Government ought to ask yourselves "Should I live and kill Bill Gates or should Bill Gates continue to live while I die?" If you value your lives, you should end Bill Gates'. Otherwise, I will judge against your lives.

Is this clear? I won't actually break any laws. You will all die if that is my judgment.

1. WE ARE NOT HEARTLESS WE WILL GIVE YOU TIME TO FIND YOUR PEACE

American Whites In Government we are Archangels of Heaven and not heartless. We will give you some time to find your peace, evaluate whether you have been true to your Conscience, and if you are Christian whether you are at peace with your God, whether your life had been good or evil, whether your Conscience is clear, take time to repent as you wish.

However, we are concerned about natural rights security of eight billion, including 330 million Americans. We will judge against you if you continue to refuse to secure natural rights of Americans with dedication or plan wars in Asia.

2. THE WRONG QUESTION TO ASK IS: HOW WILL HE ENFORCE IT?

I am an Archangel of Heaven with billions of years of Soul History, with lives in millions of worlds. This world, Earth, inhabited by Angelic Race, Human Race, is very dear to my heart, but there are many others also dear to my heart. I love human race, and I am human now. Why would I have come all the way from distant galaxies to have a human life? Well I love human race.

I have invoked Divine Judgment authority of Heaven. Now you might wonder why would we believe he can enforce any judgment? We're so powerful with all manner of technological widgets, gadgets, drones and moans, all manner of aircraft carriers and all sorts of missiles and other things to stop the judgment from becoming realised.

Date: December 5, 2021.

Well that's the wrong attitude. The right attitude is whether you want the judgment to go against you or not. Look I am a Princeton man who was Atheistic and scientific for decades of my life. If I judge against you, your gadgetry and drones and moans and all that will not be able to save you.

3. PROFESSOR CHARLES FRIED WHAT ARE THE AMERICAN LEGAL VIEWS OF THIS SPEECH

Professor Charles Fried, if you would not mind, could you please examine the ramifications of this from the First Amendment Freedoms of Americans? I know that threatening harm to individuals is illegal as well as hate speech, but here I have invoked it as a combination of religious freedom and freedom of speech. What are some of the ramifications of this speech and religious practice?

4. EUROPE AND ASIA AND UNITED STATES ARE ALL AWARE THAT BILL GATES HARMED MY CAREER AND MY EARNINGS AND HEALTH

I will add that I know that United States Government was monitoring me and also that Europe (Germany, France, England) and Asia (Russia, China, Japan and other nations) are deeply familiar with what harm Bill Gates had done including obstructing my American Dream denying me \$620 million of earning from my profession, destructively invading my Deep Interior and destroying my personal meta. This is not a secret.

5. WELL EXECUTING JUDGMENT IS IN MY CAPABILITY

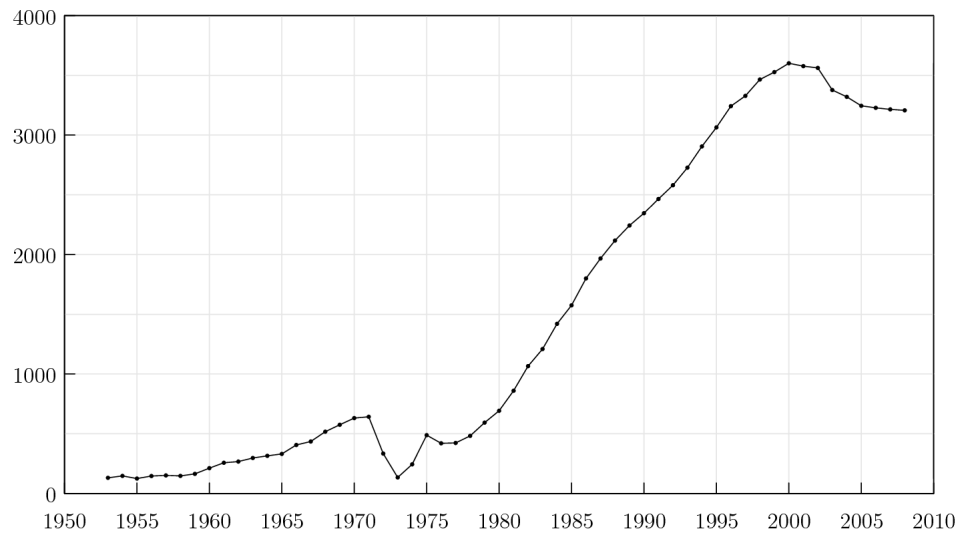

If I made the judgment against American Whites In Government, enforcing it would be within my capability. Europe and Asia would be involved, and I would need to rally American People. The White People in American Government are not sufficiently connected with American People to resist. It's not easy and might take a few years before all of them are taken out.

6. BILL GATES IS NOT A CHILD

I have been living in America since 1987, and I have seen many things here. I will not be impressed if you do not penalise Bill Gates for violating capital laws thousands of times in the last year with a glib warning.

Let me show you the death penalty inmates in America.

ZULF WILL JUDGE WHETHER AMERICAN WHITES IN GOVERNMENT WILL LIVE OR DIE

I am an Archangel, White People in American Government, and I will evaluate you with care based on how you handle Bill Gates. I will take a look at your performance. You see, I am not impressed at all at this point. My judgment will be with care but we warned that once there is judgment, you will not be able to escape it.

7. I WILL GIVE MY WORD OF HONOUR TO THE WORLD

I will give my Word of Honour to the entire world that *every single death penalty inmate in the United States is a thousand times better human being than Bill Gates*. I will do so right now. I want to know what the White People in American Government will tell the world about this situation.
