Radiohead, "You And Whose  
Army?"

On this hot day of June 16 2021, after some months of anti-Bill Gates propaganda, it dawned on me to sharpen my rhetoric and present to the world my ponderous speech regarding how I intend to extinct Bill Gates and transform every molecule of his body into cosmic gas particles that are scattered across the galaxies, to destroy him totally and to erase his existence from the Annals of History of the Race of Man altogether.

I dislike people not appreciating the seriousness of purpose I bring to my tasks. I believe that the total obliteration, death, and extinction of Bill Gates would be a tremendous benevolent service to my Beloved People the Human Race.

The extinction and wiping out of Bill Gates have many reasons but none are all that important. That he is malevolent, tribalist, evil, and murderous is routine knowledge. But these things do not matter. What matters is that he was insolent enough to harm me and my interests, and for this insolence the punishment is great indeed and so he cannot evade his tragic fate.

You see, I am an extraordinarily good man. In my past 48 you will not find a single person who will tell you, "Zulfikar Moinuddin Ahmed was bad to me." With my great goodness comes a certain Capital that then I will gladly invest in totally destroying and eviscerating Bill Gates. This is a Great Pleasure for me, a matter of great Honour for me to announce this to the world.

Many believe in Second chances, and I am usually sympathetic to them. But those who believe so for Bill Gates are deluded fools. His time for second chances during his youth, 10-25, came and went and his evil nature had not changed. Now he is twisted and evil and his chances of being a reformed man is quite a bit less than a granite block turning into wood. These delusions are what keeps Evil alive on Earth today. People are often unkind to good people and reserve the milk and honey of human kindness for the worst malevolent evil people on Earth in a sad show of misguided virtue; I see no virtue in these sad souls.
