

## **BILL GATES' MIND PRODUCES CONTINUOUS LATRINES AND TOILETS NOT ZULF'S**

Bill Gates cut into my deep interior and then he took all sorts of Latrines and Toilets and used his powers to get me into those things. He's been doing that for six months. I have never ever seen such icky stuff in 48 years.

Let us be very clear: Zulf's mind does not produce low crap like this. I am a great immortal genius who produced Four-Sphere Theory, proved that Human Nature Morals are little affected by Ethnicity, proved empirically Aristotle's Theory of Virtue and its relation to Life Satisfaction. I have things to do. I don't have time to worry about Latrines and Toilets.

So who has been thinking about Latrines and Toilets all his life? Bill Gates, not Zulf. Zulf is a great genius with lofty ideas that are phenomenal. Bill Gates' Mind produces Latrines and Toilets. Nonstop.

Now you can talk about denigration, violations, humiliations, etc. Fine, sure. But what is the most important point? It is that Zulfikar Moinuddin Ahmed's Mind is Immortal Genius and Lofty, while Bill Gates' Mind produces Latrines and Toilets. His mind is not even in the same galaxy is mine. Mine is Cosmic and Lofty. His is mostly able to produce Latrines and Toilets.
