

ZULF PATIENTLY EXPLAINS ONE MORE TIME TO AMERICAN GOVERNMENT

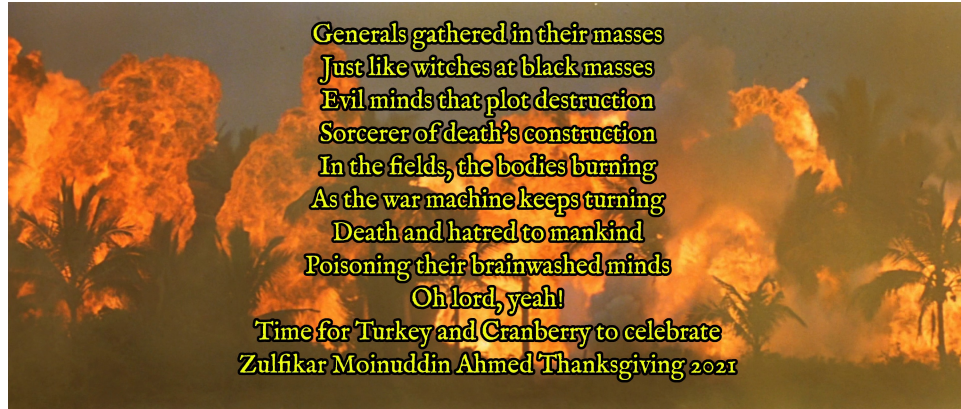

ZULFIKAR MOINUDDIN AHMED

Look, American White People in Government. You need to secure natural rights of 330 million Americans, not just mine but all Americans. I am an Archangel. I am an Archangel and I have to take responsibility for natural rights security of 8 billion. You, American Government, are obligated to secure natural rights of a piddly 330 million. A puny 4% of 8 billion. You have to show me that you are doing that by securing my natural rights. You don't seem to be listening at all. I will wipe the whole lot of you out if you do not secure natural rights of 330 million Americans, including mine. I am an Archangel of Heaven. I don't have infinite time to understand all the various ways you are corrupt. It's easier for me to wipe you out, either Auschwitz you or throw you into the gutter without pension. I can't afford to have 1.4 million white people in American government who are not securing natural rights.

Now do I want to wipe you out? No, I'm a nice Archangel. But I need natural rights of 330 million secured. I need to do that with or *without you*. I won't feel all that bad about your sad tragic deaths either because you can't even handle natural rights of 4% of the planet.

Do you think I want to face every other Archangel for billions of years with "Ah, so you couldn't handle this tiny blue planet. A puny little corrupt national government got you down. Happens to the best of us Archangel Zulf. Chin up." You think I want that for billions of years? No better that you are burned alive if need be. So kindly secure my natural rights, and natural rights of 330 million Americans, and I won't give a damn about whatever other small potato things you are doing wrong.

1. MY THEME FOR YOUR STEALING MONEY FOR WARS

So you know this Black Sabbath Song that I will link to Asian Manifest Destiny Theme and make it realised as what you are doing right now in Washington Defense and you have to understand the wailing that goes with this.

Evil minds that plot destruction
 Sorcerer of Death's Construction
 In the fields the bodies burning
 As the war machine keeps turning

This I will associate with NSC-68 as *unaccountable* absconding of \$768 billion of American people's tax without representation for Asian Genocide.

Many people you know have done propaganda. You know well Bernays and Goebbels. You know Riefenstahl. But you see, I am an Archangel. I do not do propaganda for a particular image. I do something so much deeper and more profound that you will see something very interesting in the world, in this planet. Something that you will not even comprehend. You will see the American government become vulnerable and disappear altogether.

You will ask yourself, what was that? Did this man in Allen Texas just do something we did not understand? That's when I will remind you that I am indeed the Pilot of the Storm that Leaves no trace. And no one will feel manipulated. We are Archangels of Heaven. We don't manipulate.

Listen to the song yourself. Tell me what you think might happen when NSC-68, unaccountable absconding of money for evil minds that plot destruction is mixed with Asian Manifest Destiny while you refuse to secure my natural rights against a racial mass murderer.

Don't be shy. Listen to the song, *War Pigs* of Black Sabbath [1]
