

ZULF TELLS YOU HOW MY WORLD ORDER TOOK OVER THE WORLD AND BILL GATES' WORLD ORDER FAILED

ZULFIKAR MOINUDDIN AHMED

It was the best of times. It was the worst of times. It was the tale of two world orders. You see, the beginning is a very delicate time. Know then that it is December 9 2021. At this time the known universe is not ruled by Archangels of Heaven, but they are quite widespread, mostly far away from Milky Way. In the minds of the Primitive Angelic Race, the Universe is ruled by various Old Men with Beards drawn in Italian Renaissance Paintings. Or perhaps in the minds of humans the Universe is ruled by a secret cult of Illuminati. Well anyway, as you move far away from Civilisation in the Universe and slowly focus on a small blue planet, you will find that the Universe has forgotten all about it. This is where Archangel Zulf had been spending his vacation. The known Universe does not even know that he's here because Archangel Zulf hates it when there is yet another great galactic conflict and Zulf is having a beautiful love affair with a fabulous White Dragon and wants some peace with my lover and suddenly there are all manner of Demon Ships with all manner of destructive intent and my evenings of poetry and wine are totally ruined. I won't go into this. The point is that Zulf noted that US Declaration of Independence Preamble makes it quite clear that natural rights of Americans *must* be secured as fundamental purpose of American Government. The NSC-68 crew that decided to take a large amount of taxes from Americans and funnel it to evil criminal extortion scheme by totally democratically unaccountable people with genocidal tendencies, introduced by the KKK Goon Harry Truman, was never actually *legitimised* with a Constitutional Convention for Amendment of US Declaration Preamble at all. This was good because I could then take the United Nations Charter laws, combine it with United States Constitution, mix it with the demand of 80% of the peoples of the world for natural rights security and create my own world order on Earth.

The Extortion Scheme of NSC-68 are just too lotor-bhotor, not very steady and solid. And not very legitimate at all. So I declared my world order already at the United Nations.

Now Bill Gates wants a white racial dominance world order. He put in tens of billions into wars in Asia. How are these people going to compete with an Archangel of Heaven. This just boggles my mind. Why don't they just play with Lego toys and masturbate and so on. Bill Gates' World Order Plan has no legitimacy at all in national or international law, and has no global popularity either.

See, let me find the poster.

I posted this already in United Nations. It's my World Order.
