

## ZULF IS QUITE IMPRESSED WITH EURASIA

ZULFIKAR MOINUDDIN AHMED

Eurasia, you sent in my tribe IMF into the mix huh to be a conduit and represent you with United States Government. That's impressive. That's really good. Even I hadn't thought of that and I am an Archangel of Heaven. This Primitive Angelic Race has some potential after all. Good good. One day you will face Demon Races. These sorts of things might even keep you alive.

I'll make a note of this. Archangel Zulf detects some genuine potential in this Human Race. They literally sent in a big money institution for a very poor man on disability. Very impressive. Keep it up. These things look very good on your Resume, Human Race. Heaven is not exactly as horribly too busy for some of these Angelic Races. I'll give Human Race a "has potential" for this.
