

OH HOW SHALL I EXPRESS MY SUPERIORITY OVER BILL GATES TO THEE?

ZULFIKAR MOINUDDIN AHMED

I am so far superior to Bill Gates that the distance between the earth and Heavens is a pale shadow of the vast difference.

I am like the morning star far above the world to his decrepit stature in the mud and blood with all the other pigs.

1. WHAT I SAID TO BILL GATES

You will be my Master in an alternative life, when you have done Archangel of Heaven for ten thousand years and I have done Hellspawn Demon for ten thousand years. Not here on Earth. You Demons are arrogant, and it serves you well preying in some Primitive Angelic Worlds but you should have picked easier prey. Do you really think you will live after you have accosted an Angel of Heaven in an Angelic World, boy?
