

DIARY JUNE 11 2021: BILL GATES HEAVILY INVESTED IN RACIAL SUPREMACY RESEARCH

ZULFIKAR MOINUDDIN AHMED

In the past year, Bill Gates has been trying everything possible to destroy me including, I found recently, use of forbidden 13th century black magic. He is heavily invested in racial supremacy research, which I did not know about.

So it is a matter of great pride and fortune for me that *while he was invested in destroying me* and while my aunt is denigrating me every day because she just respects people who brings her money and I am on disability, and I am denied by Bill Gates from collecting \$120 million from D. E. Shaw & Co., almost by accident, I get very interested in moral nature of man, and do a great deal of painstaking work to get ethnicity effects on human nature morals and find a remarkable 6.5%-9.5% bound on ethnicity effect on human nature morals. I am of course extremely proud of my work and the data is just very high quality from the University of Michigan project World Values Survey.

This is just so exciting, that the tycoon of America with \$130.5 billion is trying to destroy me with all sorts of black magic and other power tricks and simultaneously by some miracle of Fate I am producing the final nail on the coffin of white supremacy at the same time as the clock winds down.

My aunt is so clueless here in Allen Texas that she cannot even grasp the dramatic action. I am just overjoyed at the opportunity of Fate, that I, Zulfikar Moinuddin Ahmed, am faced with one of the great challenges of centuries, not just twentieth centuries. What fortune! How the gods smile upon me, to grant me the fortune to overthrow huge amounts of investment in racial research by Bill Gates just as he is still unable to kill me. I feel blessed. I feel not blessed by Allah the Muslim God figure but more like Athena, like Athena blessing Achilles during his romp through the battlefield. Ha! No White Supremacist Tycoon shall stand in my path! My Sword of Truth and my Shield and my flags are raised high!
