

## **I HAVE TWO BROTHERS, SICK MOTHER, AUNT PEOPLE WAITING FOR MY INCOME**

ZULFIKAR MOINUDDIN AHMED

I have a sick mother far from America, two brothers, aunt, and I need income that is earned legitimately. It is \$620 million. Who the fuck is this retarded stupid cunt Bill Gates to get in the way of my responsibilities? My American Dream. I don't give a flying fuck about this worthless little shit. Why has American Government not killed him? Why does the United States of America think that he is worth even a dime? He is a criminal who ought to be slaughtered. You want a working Multi-Ethnic Classical Liberal Democratic Republic and you allow these criminal cunts to live and you expect that United States Government will be loved and trusted by the American people? You really think that you will survive like this. You have racial supremacist cunts destroying lives of good Americans and you look the other way and you think you will survive?

I don't give a damn about Bill Gates or whoever. Kill him and get my life back in order. He cut into my blood meta. You did nothing. He cut into my deep interior. You did nothing. You think you deserve trust of the American people when you can't even secure Natural Rights Against worthless malevolent menial scumbag like Bill Gates?
