

WHITE PEOPLE IN UNITED STATES GOVERNMENT PUT ALL AMERICANS IN HARM'S WAY BY NOT KEEPING US WAR POWER AWAY FROM BILL GATES

ZULFIKAR MOINUDDIN AHMED

Rarely in Earth's history have there been a more irresponsible and incompetent government as ours. White people in United States Government had either intentionally or by negligence allowed the Demon Bill Gates to use US War Power. He has used it against an American man, myself. He said he did not consider me American even though I have had Permanent Residency in America for quarter of a century.

The problem here is that the White People in American Government did nothing about it for more than a year as Bill Gates used US War Power against my Body, something forbidden by Geneva Conventions against *prisoners of war*. But it's not just myself that they put in harm's way. All 330 million Americans they put in harm's way.

The reason I know that they had put 330 million Americans in harm's way is this. Bill Gates is a pure Demon. His reasoning is senseless. It's usually I'm big so I can kill whoever I like. Then he arbitrarily considers people to be American or not based on his whim. Then he just uses US War power against them.

He is obsessed with the idea that non-white Americans are not Americans. Now 40 percent of Americans are not white. He wants to establish that non-white Americans are not white and ethnically cleanse them from the land. This sounds like a very serious decision at first. You might think, "Oh my God, it's happening, it's Plan Dalet in America; all non-whites will be ethnically cleansed as they were in Israel." But in reality the problem is that he also wants to remove the US Declaration Preamble. And when you examine further you will find that the man is not even aware that he will need quite a bit of political support from 66% of the American population to get an Amendment of the Constitution that says something about "This is a white man's country." It is well-nigh impossible to produce by ordinary democratic politics in America.

Then you have his lifelong dream of being the Emperor of the World. This is quite Demon-Demon. I have been an Archangel for longer than I can even remember. And this "I want to Conquer this World and they shall all kneel to my Power" is extremely Demon-Demon. It's so Demon that I cannot believe that Human Race did not guess that you had a Demon for 66 years of this Demon's life.

1. TWO CLAIMS: BILL GATES IS NOT CULTIVATED WESTERN MAN AND BORN DEMON

Now pay attention my dear reader. Here I will establish an argument that will simultaneously deny Bill Gates stature as a *cultivated Western Man* and simultaneously support the claim that he is a *born Demon*.

The first part of the argument is a fact, which we use as an axiom. The fact is that Bill Gates' lifelong dream was to be the Emperor of the World. Accept this fact. From this fact we will deduce our two conclusions.

The second of the two conclusions, that someone whose lifelong dream is the conquer an entire planet and enslave everyone so the entire world kneels to his power is quite normal for a Demon.

I will now argue that someone with a lifelong dream of ruling the world as emperor of the world is not a cultivated Western Man. You see, after 1789, Western Civilisation changed radically, and after this point, there was a change in the Western Civilisation's values. Europe transitioned from an Age of Absolute Monarchies to a respect for individual worth, of individual's liberty and sovereignty for all people and not only for Aristocrats and Clergy. This was a tumultuous moment in European History, the *French Revolution*. This transition changed Europe in a way as all Europeans gained a sense of civil rights protected by the state. The old throne and altar political scheme evolved and transformed into one where individual's worth gained. France became a Republic.

No European man of cultivation is unaware of these developments quite strongly. The notions of influence changed as well. There are many ambitious Europeans and Americans. But among them those who are actually cultivated cannot have the lifelong dream of becoming the Emperor of the World.

Two World Wars in the twentieth century produced a situation where the United Nations became the hub of international law. There it was understood that those who have lifelong dreams of being the Emperor of the World are possible threats to peace and security of peoples of the world.

Cultivated Western Men generally know about these developments from their study at secondary and university levels, and do not, therefore, pursue lifelong dreams of becoming Emperor of the World.

Now let us take this statement's contrapositive, and note that since 'cultivated western' implies 'no emperor of the world', we can conclude 'Bill Gates wants to be Emperor of the World' implies 'Bill Gates is not Cultivated Western Man'.
