

ZULF'S FAMOUS ROUSING SPEECH TO ALL ASIANS SETTING THE WORLD RIGHT

ZULFIKAR MOINUDDIN AHMED

Dear Asians,

I am American. I love America, and have immigrated to New York from Bengal in 1987. I believe in the American Dream, and have been pursuing it like many other Americans who are immigrants.

However, I have been extremely concerned about the life, liberty and pursuit of happiness of all 4.5 billion Asians, and for my Beloved people.

I want you take seriously a peculiar property that United States has that is not shared by Europe. You see, Bin Laden and Al Qaeda had absolutely nothing to do with September 11 2001. There were no 19 hijackers involved in those planes. Instead, Washington had classified war plans in West Asia that developed from the early 1990s, mostly the work of neoconservative strategists. They did not know if there would be any triggering event that would allow them to realise 'regime change' wars in many Muslim countries. These war plans appealed to a small circle of right wing Israelis in the circle Isser Harel, founder of Israel's Mossad, and it was Israel's Mossad, without much care for democratic opinion of Israeli people who had orchestrated a staged 'hijacking' and Washington then was fine with blaming Bin Laden and proceeding to two decades of *unprovoked wars* in Asia.

Now the United States Government betrays my 34 years of service to the American people, American Economy, and allows a *racial murderer*, an *evil charlatan*, an intellectual midget, a *third rate intellect who made third rate software products* to gain his wealth, this *Bill Gates*, who has *Genocidal intentions* toward all my beloved Asian peoples, and United States Government is silent to my pleas to bring this vile criminal to justice.

If I should die, you should begin Third World War and eliminate these grave dangers that United States has fostered, has supported with money and privileges, large numbers of government contracts, and government powers. United States *harbours and aids and abets* these vile evil genocidal murderers while falsely accusing various Asian people of aiding and abetting terrorists. They have done this for centuries. You should not fear to end this charade. You will be devastated in a War but you will eventually win within half a century. Asian people ought not have to face this horrible situation where United States is continually supporting the growth in wealth and power these people who are putting in tens and billions for unprovoked wars against Asian peoples violating the United Nations Article 34 while holding Permanent Member status in UN Security Council to exercise veto power.

Don't do anything now, but if I should die, begin Third World War. It's better for Asia in the end. You should not take lightly harm against Asian People. Asian People are not the playthings of these evil genocidal men like Bill Gates.

Date: January 4, 2022.

Thank you,
