This is discovered by myself, Zulfikar Moinuddin Ahmed, February 27 2022, 11:55 PM.

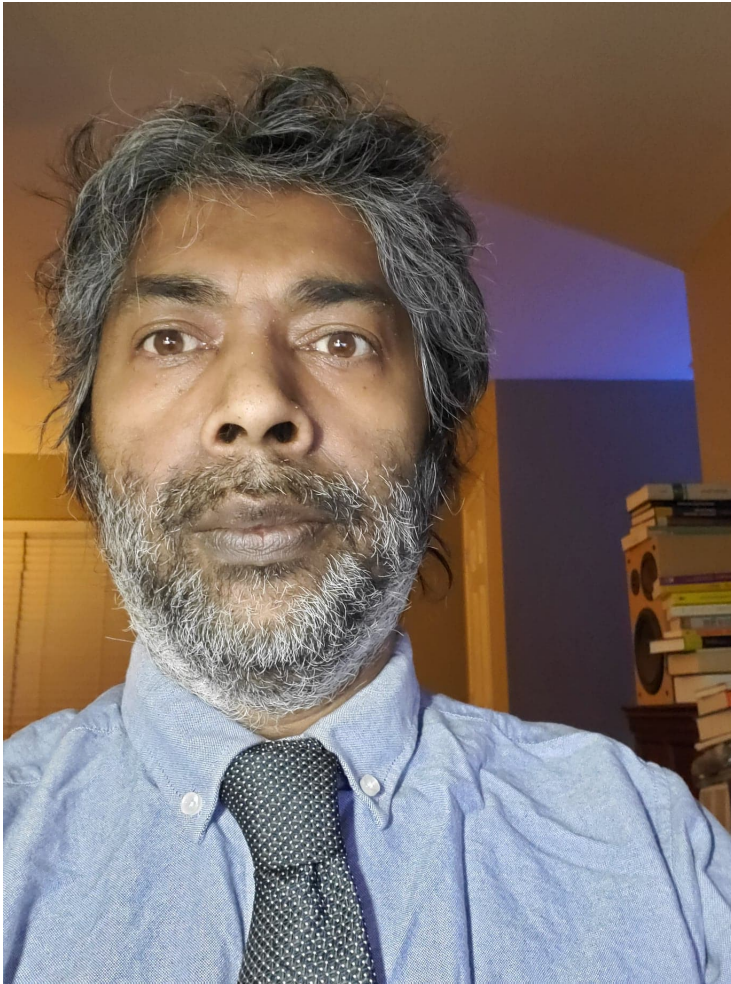

Bill Gates revealed his political convictions. He says, "I always considered the white right to kill non-whites as sacrosanct."

Ladies and Gentlemen, this is a Zulfikar Moinuddin Ahmed exclusive discovery. No one in the past fifty years had ever discovered this before about this man *Bill Gates*.

1. COMMENTARY

First of all, this proves *Bill Gates was never American at all*. In order to be American, you need to have the American faith: We hold these truths to be self-evident, that *all men are created equal*, that they are endowed by their Creator certain inalienable rights, that among them are Life, Liberty and pursuit of Happiness.

I am not white, and I am American.

That is my photograph. Bill Gates is white and he *was never American from birth* as his creed gives him away. No one can have both the conviction he holds about 'white right' and be American. You have to take one side or the other. American-ness does not allow his creed to coexist with American primary values.
