

**ZULF DECLARES HIS INTENTION TO BRING LITIGATION
AGAINST UNITED STATES GOVERNMENT ON JANUARY 9
2022 6:40 PM**

ZULFIKAR MOINUDDIN AHMED

I needed to assess the harm that Bill Gates has done to me by destructive use of *White Power*, *US War Meta* and *US Industrial Power* against my person, and this is the cause of

- Extreme difficulty in sleeping and breathing
- Physical pains from my head down my spine
- Nonstop hearing of Bill Gates racial slurs

I strongly resent the FBI storming my peaceful life in 915 Meadowgate Drive, Allen Texas 75002, on the morning of January 7 2022. The witnesses were my aunt Shamima Sadiq and my brother Feroze Alamgir (Tobias) Ahmed.

I am assessing the situation and consider their charge that I have threatened Bill Gates life with fire-arms totally incredible and frivolous. I have no record of any violent crime, and it is on record that I have a pellet lodged in my liver from 11 and had been medically excused from gym in high school in New York 1987-1991. I have never in my 34 years ever owned any firearms. I did not actually *mention* any firearms. Moreover, Bill Gates is physically located in Washington State, whose distance from Allen Texas is roughly 2100 miles. I do not drive and never had any intention to shoot Bill Gates with any physical weapon and made the poster as a humourous attack on him because he has been harming me obsessively by illegitimate use of power via long distance for a long time. He did enough harm to me to have killed any Bengali man by November 4 2020 I found from Queen Elizabeth's Royal Menders.

I believe that the orders to actually storm my house and threaten to put me in jail and put me in the mental health circuit came from FBI headquarters from cronies of Bill Gates higher up in FBI leadership. I consider their coercion to have violated my natural rights of Life, Liberty and Pursuit of Happiness in itself, that United States Federal Government is treating me, an Asian-American as a criminal *on behalf of the actual racial murderer Bill Gates*. He is a malevolent evil racial murderer and I obviously know that it has to be the United States Government that eliminates him physically.

I think world will be served well if I litigate the United States Government for (a) aiding and abetting and harbouring a confessed racial murderer (b) instead of securing my natural rights sending people to try to convince me that I am mentally troubled and hallucinating. I am sure I am not hallucinating now with 100% clarity, and I want assistance from Stanford Law, Harvard Law, Yale Law and anyone else who cares about these issues: (a) strong racial bias where non-white people and people without money are horribly mistreated by US Government authority and

Date: January 9, 2022.

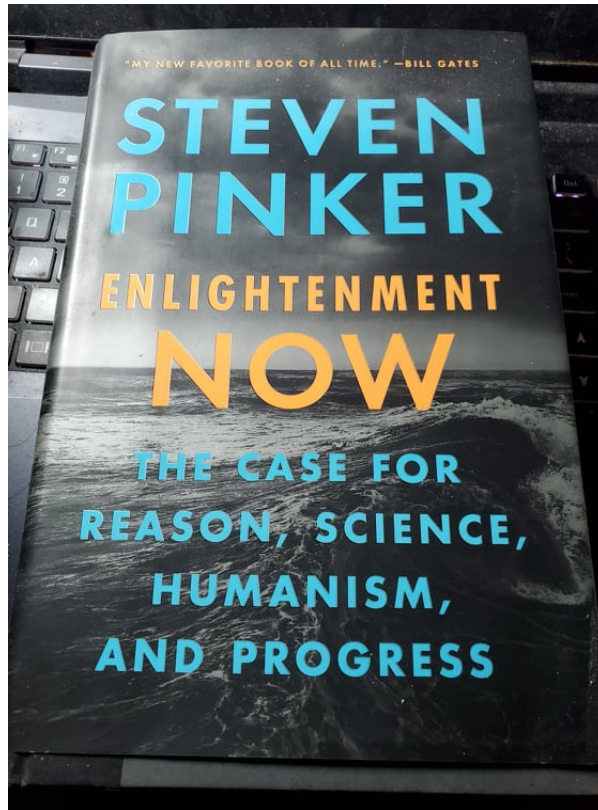

our liberty curtailed frivolously and our lives disrupted by incarceration in prisons or psychiatric institutions with release withheld arbitrarily based on fantastic concerns about threats that are not credible to any reasonable human being but taken seriously by United States Government officials as though they had firm proof of something. They have nothing in this case, and should not have bothered me at all.

I will take this opportunity to begin planning a \$1.5 trillion legal case against the United States Government on both racial bias and general natural rights for all 320 million Americans. The nation is not served well when racial criminals like Bill Gates are given impunity and ordinary Americans who are hurt by his illegitimate use of power are asked to consider that this is a hallucination. This is totally intolerable to me and I must act against the United States Government by legal means. United States Government has a long record of repression generally, had been directly involved in the Genocide of the Native Americans with Indian Removal Act of 1830, had concocted wars in Korea, Vietnam, Iraq and Afghanistan on false pretense and long history of brutal mistreatment of non-white people for its entire 250 years and this is more than enough and I would like this case to settle these issues once and for all.

1. I AM EXTREMELY DISPLEASED WITH THE WHITE SUPREMACIST STUPIDITY OF TEXAS JUDGES

Who the hell do you think you serve exactly Texas White Judges? I am a Texas resident for more than a decade now, and I have Permanent Residency for 24 years and have lived in America for 34 years – USCIS# 046-077-179 expires 02/18/31. Why were you concerned for Bill Gates safety and not serving my interests? You really think that *anyone in the entire world* will not see you for your white supremacist bias? You think that a humorous poster without any mention of any firearms with 'pull the trigger' is anything serious enough to send FBI and mental health people to storm my home and humiliate me in front of my family members? You think you are doing right by whom exactly. Bill Gates had cut into my blood meta and used *Industrial Power* to mangle my flesh meta you stupid white supremacist scrubs. You think this is service to the nation, being concerned for the safety of a racial murderer and charlatan who is an intellectual dipshit who promotes Steven Pinker's book *Enlightenment Now* as his favourite book in the whole world while repeating nonstop *Natural Rights are claptrap* every two minutes for more than a year in my meta? You think you deserve to be respected for this? You are extremely serious problems for this nation, part of the problem and not part of the solution.

I have actually read the book *Enlightenment Now*. I'll show you my private copy of the book.

The book is very good, but I can assure you with 100% confidence that Bill Gates (a) never read that book, and (b) does not agree with anything in the book even if he had read it. The man is a racial supremacist to the core with agenda for ethnic cleansing of nonwhites in American and slavery and misery for nonwhites. He lied to US Government officials about me numerous times starting with claims that I had *forged papers*. You think you are serving the *American people* by ordering that I be denied my Liberty, accused of hallucinations, be considered a threat. Well you should not have done that because you pissed me off and I am furiously outraged by this insolence.

2. BILL GATES CANNOT BE ALLOWED TO EXIST AT ALL

The horrors I have endured from Bill Gates illegitimate and extremely brutal and savage and vile and evil use of power are *unspeakable* in physical pain as well as destruction to my career and livelihood. He is far more savage and brutal and harmful and lawless than any Nazi butcher slaughtering Europe's Jewish people in 1930-1945. He threatens by his very existence 40 percent of American people who are nonwhite and 90 percent of the human race who are nonwhite. He must be eliminated not by me but by the American Government and the world powers immediately. A graver threat to the world has rarely existed. It is my duty of Conscience to do everything possible to erase him from existence – not by using criminal and vigilante methods – that was a frivolous and intentionally malicious misinterpretation of various Texas White justices and higher officials in FBI who are Bill Gates cronies. He must be eliminated by legal methods, must be exposed

for the literal threat he poses to the American people and brought to justice and put to death. He cannot be allowed to live.
