

**OPEN LETTER TO UNITED STATES GOVERNMENT
NOVEMBER 28 2021**

ZULFIKAR MOINUDDIN AHMED

United States Government,

Do you think this is a joke then a racial mass murderer like Bill Gates cuts into the eyes of a genuine adherent to the America from 1987 and you do not immediately destroy him and secure my Natural Rights when you were asked to relentlessly bomb him and obliterate him physically and he had already done enough harm to me to kill any Bengali man in November 4 2020 and more than a year later he is still harming me every day. And I know he has huge amount of money in war in China and he has a racial world order plan, and you think what exactly? What have you done to secure my Natural Rights that was your Constitutional mandate? I am of Asian origin. How many white Americans do you have on your records that I have ever mistreated since 1987 exactly? Did I mistreat my ex-wife Natalia Brizuela? She is a Berkeley Professor now. Did I mistreat Sine Jensen? She is in Denmark right now married happily with a child. You think that I will allow you to continue your Manifest Destiny Genocide program in Asia while I am still alive? No I want Asia-Africa have a Defensive unity against your malevolent intentions. You have proven your malevolent intentions with Genocide of the Native Americans. You have proven your Genocidal intentions with enslavement of Africans. Do you think this is a game, American Government? Well if this is a game you chose the wrong man. I will show you how to play this game.

You can cross off your White Manifest Destiny once and for all for I, Zulfikar Moinuddin Ahmed, Archangel of Heaven, will deny you.

Thank you,

ZULFIKAR MOINUDDIN AHMED
