

AMERICAN WHITE PEOPLE OUGHT TO UNDERSTAND THAT I AM STRICTLY AND ABSOLUTELY SUPERIOR TO BILL GATES

ZULFIKAR MOINUDDIN AHMED

Look, American White People, you can say what you like, but I am 49 and I have had a long enough life to have very clear idea of who is superior to who else in what way. Let me show you how I am strictly and absolutely superior to Bill Gates.

1. HE LIED ABOUT SAT SCORE 1290

You will eventually be very clear that the truth is that his SAT score was 1290 and he lied to everyone and said it was 1590.

Now I took SAT in John Adams High School twice. Just twice and without any prep courses. First time, it was 1170. Then I did not like that and took it a second time a year later and 1450.

Now I don't think that someone with 1600 is superior to me or inferior to me necessarily because SAT measures something that I know can improve *from experience*.

Now let me tell you why Bill Gates is inferior to me here. He lied. He's a con artist, not an honourable man. I would consider him much more worthy if he just spoke truthfully. Most American White men who just tell the truth I respect more because I value people who are just Honest more than people who are dishonourable and lie. All honest truthful people, whether white or non-white, will be superior to Bill Gates in my book, automatically.

2. I AM AN ACTUAL INTELLECTUAL GENIUS

There are many actual intellectual geniuses among White People. Bill Gates is a hick illiterate and has no gift at all in intellectual labour or skills at all. He is strictly inferior intellectually than myself here. He is also strictly intellectually inferior than a lot of white Americans. I don't worry about who they are because they have not harmed me at all so why do I care?

3. BILL GATES CUT INTO MY META WITH BLACK MAGIC REPEATING "WHITES ARE SUPERIOR" NONSTOP

Bill Gates cut into my meta with Black Magic Power and keeps repeating "Whites Are Superior" every few seconds nonstop. This is of course meaningless drivel. You see, no matter who you are, the chances that any *large population* is superior to you is almost negligible. You have to be quite unfortunate to be in a situation in your unique characteristics where a large group of people are superior to you in any absolute way. The reason is simple. Most characteristics have

a distribution, perhaps normal and perhaps not. What is the likelihood that you take a K -dimensional space with say $K > 100$ and you put yourself in terms of characteristics and find

$$x_{you} \in \mathbf{R}^K$$

Now you start putting the population of size $N > 100,000$ and label them x_1, \dots, x_N on \mathbf{R}^K . Then let's say coordinates are in superscript $z = (z^1, \dots, z^K)$. Now define superiority by ordering.

What is the likelihood that the entire population is on 'top-right' of yourself? The chances are that it's a normal distribution with N so large that you get empirically a good normal distribution in every marginal. And then even if you are lower than the mean on many dimensions you will beat the mean on many others. There are a million ways to get rid of 'population is superior' by examination.

My IQ is 135-140. That's 99th percentile of white people's IQ. So just by this alone I would find the Bill Gates claim absurd. But it is more absurd to repeat 'whites are superior' annoying me by cutting into my meta without right to do so. I don't know this cat from a cup of tea. He was never my employer. And I don't respect people who repeat 'whites are superior' nonstop in my meta. This is drivel.

4. I WILL TELL ALL OF ASIA

Why should Asians think 'whites are superior'? Mesopotamia had sophisticated civilisation for two millenia when Europe was still in hunger gatherer society in 2000 BC. Why should any Asian believe that 'whites are superior' then?

5. STERN WARNING TO AMERICAN WHITE PEOPLE

You better pull Bill Gates off my meta, American White People. Zulf in annoyed to have to hear "Whites Are Superior" day and night. If you don't, I'll forge an Asian Tribe of 4.5 billion and pump up their ego sky high and for another century they will look down their long noses at all American White People for two centuries, capisce? Do you understand American White People? Don't annoy Zulf.
