

**LOOK UNITED STATES GOVERNMENT EVERYONE EXCEPT
YOU DON'T UNDERSTAND HOW MUCH MORE IMPORTANT
I AM THAN BILL GATES**

ZULFIKAR MOINUDDIN AHMED

I don't know whether it is your racial bias or what is the cause of your difficulties. Everyone in the world *except* United States Government understand with full clarity that I, Zulfikar Moinuddin Ahmed, am infinitely more important than Bill Gates can be in 20,000 year. My achievements are known to all of the world directly from United Nations.

Only you, the United States Government, are willing to let Bill Gates, a confessed racial mass murderer, harm an American when your own agency, USCIS gave me my immigration papers, USCIS# 046-077-179, in September of 1997. That is more than two decades ago. I am American, and you would rather let a murderer kill me than do what your job is.

What do you expect will happen in the end? Do you think that the world will revere and adore the United States? Or do you think the world will distrust you and no longer give you any respect?
