AFFIRMS SOME OF THE UNDERSTANDING OF WHAT I AM
DOING TO UNITED STATES GOVERNMENT**

That's right United States Government. I do not know this malevolent Mumm-Ra-like baddie Bill Gates at all. I do not believe a single thing I have seen any more of his "PR" documentaries and television interviews. He assaulted me in meta after I was just trying to earn my living selling my Medium Frequency Alpha Strategy. He responded with cutting up my meta eye and harming my Blood Meta and Deep Interior to fatal levels with all manners of racial supremacy chants for more than a year. I do not have any contract with him at all and my work is making the cunt money.

Now I do have a contract with the United States, and I was following my American Dreams and I respect laws of the Republic. Here is my paperwork.

So I will hold you accountable for all harm done by this criminal to me. The reasoning is clear. My papers are an implicit contract that you would secure my Natural Rights in exchange for me paying taxes, following laws, and being a good community member of American People. I have done my part, so you are obligated to do the same. I believe that you are obligated to destroy and kill Bill Gates since he has been the criminal aggressor to me rather than the other way around. He threatens the lives of 100 million Americans and that is more reason for the same.

So long as you are legitimate, i.e. you secure Natural Rights of 330 million Americans, I don't care too much if United States of America continues to exist. However obviously I will eliminate the United States of America if you will be a threat to my beloved people the human race. I am a rational person. I don't randomly damage and harm all sorts of people and organisation without careful reasoning.

1. ZULF DOES APPRECIATE EFFORTS

I do appreciate the paltry, puny, miniscule, wholly inadequate efforts to secure my Life and remove Bill Gates power machinery from my Deep Interior, but that's not what you promised. I need \$620 million, the baddie whacked totally, and no more disruptions to my American Dream.
