

**ARE YOU SERIOUS? THE VICTIM SEEMS JOVIAL TO YOU  
SO YOU IGNORE UNSC EXPERT DEATH JUDGMENT?**

ZULFIKAR MOINUDDIN AHMED

Are you serious Pentagon? You did not do anything despite an expert judgment of UNSC for Death Penalty for War Crimes and Crimes Against Humanity where they sought a partner in US Government and found none for ages because US Executive Whites did not want to respect our obligations to international law, and you decide that you don't have to execute judgment of UNSC because 'on the surface the victim seems jovial'? Are you serious? You get paid American Taxpayer money to live luxurious lives for this? You negate international law judgments to do pop psychology to veto their ruling?

I don't even know what to say this is so absurd.
