

AH JEWISH PEOPLE WELL YOU CAN RECORD WHAT YOU DISCOVER ABOUT BILL GATES AND MYSELF IN YOUR POMPOUS HISTORICAL ARCHIVES

ZULFIKAR MOINUDDIN AHMED

I see that Jewish People have discovered that Bill Gates broke my back more than a year ago but then only declared me his enemy today. I did invite him to visit 915 Meadowgate Drive Allen Texas 75002 so that I can take a baseball bat and break every single bone in his body and burn his corpse in gasoline, but he does not accept.

I am not Muslim in this life but you know Jewish People were always good at careful preservation of pompous accounts of all manner of rubbish in organised archives even in my 1180-1300 life as Englishman. Actually Muslims were better at this sort of thing than Christians for a long time. Avicenna had so much interesting works that Thomas Aquinas' major contribution was to quickly erase "Muslims" to "Christians" in translation of Avicenna, sign his name, then French banned Avicenna, and voila Aquinas' Christian theology. Well other Christians were more original.

You should write some of the things you discover about what Bill Gates had done to me with "In this solemn day of December 7 2021 we the Jewish Scribes had scanned the oceans and the continents and found this man who claims to be an Archangel of Heaven whose theological doctrine of Core Life is such and such. In the name of the the Lord of such and such we inscribe our true thoughts for historical records of our progeny ..." Well I don't need to tell you, I am not sure if Greeks and Egyptians and Mesopotamians did this any better. You see some of this pomp in historical chronicles is much harder without alphabets.

1. WHY I WOULD NOT CONSIDER MAKING ENEMIES OF JEWISH PEOPLE

It's easy to understand. I am an Archangel of Heaven who arrives on a planet now with 8 billion of an Angelic Race. Suppose, counterfactually, that I make Jewish people my enemies. You are a measly 15.2 million. That is too small. Maybe if you were 1.5 billion that would be reasonable. What do you take me for exactly. I will look horrible to all the other Archangels if I make enemies of measly populations. It's not viable. Anyway, I love all my beloved people the human race and the Jewish people are part of the whole. As far as I am concerned the Human Race is a Single Angelic Race, so they are special to themselves and highly distinguished in all sorts of ways that people from Bhutan, but what do I care? To me the whole human race is one.

I bear gifts of Heaven to the Human Race, some already given, some still to come.

Date: December 7, 2021.

2. I AM NOT ENEMIES OF CHRISTIANS OR MUSLIMS EITHER

I am rather fond of Christians and Muslims too. They are roughly the same in their moral value distributions. Let me see where did I put the analysis? That's in a note called "Muslims Do Have A Tendency To Consider Beating Wife More Okay than Christians And Others". Well you will have to read the note but it is meant to emphasize that the actual difference of considering wife beating *not* okay in Christians is 89.95% while for Muslims it is 89.53%, which is not much. The note goes on to compare other moral values which shows Muslims and Christians have almost identical values.

3. MY FAITH IS A BIT DIFFERENT THAN ISLAM, CHRISTIANITY AND JUDAISM

Well I believe that I have been an Archangel of Heaven for billions of years in the past. I believe that I have had two human lives on Earth in history. One life was incarnation as an Englishman in the period 1180-1300. I believe I was a young boy during the death of Richard the Lionheart in 1199. And the second life is this one, where I was born to a Bengali Muslim couple in Dhaka, November 19 1973, and then immigrated to United States in 1987, and have my Permanent Residency from 1997, expiring in 2031 now. I am in conflict with the Evil Sorcerer and Demon named *Bill Gates* whose racial murder career is about to end for his insolence against a Great Immortal Genius such as myself. I will totally erase him from the annals of history, for he has been a deceiver and a charlatan throughout his wretched miserable life.

4. WHY SHOULD I CREATE NEW ENEMIES WITHOUT CAUSE

I am an Archangel of Heaven. My enemies are Demons. I have examined carefully the values of Muslims, Christians, and Jews. I don't see that any of these groups are Demons, so I have no animosity towards them. Same with Hindus, Buddhists, and various others. Now Bill Gates is a Demon. I will obviously be his enemy. He says he's white, but he is not. He is Demon, and unfortunately I am not having the same sort of style of life as I did last time, between 1180-1300. In that life, I would have charged his castle on horseback, and slayed his guards and killed him on a burning stake and cut out his evil tongue. But unfortunately I am not equipped to do that in this life.

5. ANGELS AND DEMONS ARE NOT GOOD AND BAD HUMAN BEINGS

Both Angels and Demons *on Earth* will only be human beings in bodies. There is, as far as I know, no realistic way for an Angel or Demon to have much influence on human affairs without actually being born in human womb. There are trillions of Angels and Demons in the Universe, but their chances of having any effect at all in affairs of Earth, human affairs is miniscule without having human lives. In other words, the Core Life of the Demon or Human has to make the journey to Earth, then select the couple who will birth them, then enter the fertilised egg. I will not attempt to give you details of the process.

In naive theory, anyone of any religion at all could be Demon, Angel or other sorts of beings incarnate as human being. In practice, however, it is not that difficult to tell by examining their moral behaviour for a while. Now human beings are an *Angelic Race*, which means that they will generally have good moral behaviour.

Around 90-95% of human beings will be averse to stealing and robbing and raping and murdering strongly. That's reasonable for an Angelic Race. An *Angelic* race however are not a race of Angels. Those exist, but nowhere near the Milky Way Galaxy. I am an Archangel of Heaven, and do not spend so much time in worlds of races of Angels. This is just the way it is. Perhaps several billion years ago, I had lived in one of these, but I was an Archangel for a long long time. In fact I was an Archangel already when Lucifer rebelled against a tyrant in history of the universe, and I had followed Lucifer then. It was so long ago that I have very little memory of it. You see, once you are incarnate, the memories of these things they are not with you. You adapt to the genetic adaptations of the physical biology, and the mind does not have all manner of space for all sorts of memories that are irrelevant. Now Demons and Angels have moral behaviour that are unusual, both fall outside the ordinary range of human beings. Angels are not good human beings; but most human beings will have a hard time distinguishing an Angel incarnate on Earth and a good human being. Demons are not bad human beings, and similarly most human beings will simply find that they are bad. The range of Angels and Demons *morally* is outside the bracket of human moral behaviour.

I hope this will help you a bit to understand these things. Do not accuse people of being Angels or Demons without examining how far away from the distribution of human moral values are their behaviour that is verifiable.

6. WHAT ABOUT ALL MEN ARE CREATED EQUAL THEN?

This is a good question. What about all men are created equal. Well so G_c the genetic code in common, universally is the exact same sequence of letters and is 99.9% of the genetic code of every human being past and present. This then is the basis for all men are created equal. But doesn't that produce inequality when some of the Life Cores might be Angel or Demon or Ordinary Angelic Human Life Core?

Well, it makes no sense for political institutions to make a distinction at all, because I can assure you that this is a Primitive Angelic Civilisation, this Earth and Human Race, and it will take you another thousand years to be able to detect whether the Life Core of any human baby is Demon or Angel or Ordinary Angelic with any reliability. It's not wise to consider any sanctions based on unreliable knowledge.

What is more reasonable is to assume everyone is a priori Ordinary Angelic, and let their *character development* over time give firmer evidence for anomalous Life Cores, Angel or Demon for example.
