

BILL GATES IS A LIFE LIABILITY FOR EVERY SINGLE WHITE AMERICAN IN GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

Look White Americans In Government, you may love Bill Gates or you may think he's great for the country or economy or whatever. The fact is that he is a racial murderer who has harmed me. He will be a liability for your *lives*, all of your lives. So you should eliminated him, destroy him, whack him, kil him. That's my advice. If you do not, I will blame *all of you* for all the harm he has done, and eliminate all of you eventually.

You should not be confused about this. Let me repeat, because you don't seem very bright. Bill Gates is a racial murderer who has harmed *me*. And when the special person *me* is harmed, and I expect American Government to secure my natural rights, and you don't, I will blame *you*. I am quite annoyed and will try to eliminate *the whole lot of you*. You will not get anywhere by trying to kill *me*. So why don't you *make like a tree* and eliminate *Bill Gates*.

I am telling you that he is a liability for your *lives* because I will make it so. Okay? Any confusion?

Let me explain to you the situation a bit better. You see, we are *American People*. In case you have forgotten, we're pretty famous. We are mentioned in US Declaration of Independence. There we say these things. We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That's what we the American people believe, you see. We believe that *to secure these – i.e. natural rights of Life, Liberty and pursuit of Happiness – governments are instituted among Men*. Now you are white people in one of these governments that were instituted among Men, and so your purpose is to secure our natural rights. If you do not serve this purpose, we don't even know who the fuck you are. You understand? We are American People and we don't know who the fuck you are unless you are securing our natural rights. So kindly secure my natural rights and that of 330 million Americans' natural rights. Otherwise you are *totally worthless* to us and we will throw you out the window like a badly molded bagel.
