

GREAT VAMPYRIC EVIL HAD BEFALLEN THE HAPLESS UNITED STATES OF AMERICA IN 1950

ZULFIKAR MOINUDDIN AHMED

Great Vampyric Evil had befallen the hapless United States of America in 1950 when possibly due to the influence of Archangel of Death Azrael near Milky Way, Evil had corrupted the United States Government. This is the corruption of NSC-68.

This grave Vampyric Evil sucked the blood of the American People having devastated the Multi-Ethnic Classical Democratic Republic. For 75 years American people have been robbed and our blood sucked into the most Abominable Evil, our taxes, our honour, our nobility went, beyond our control to fund the a Witches Covenant that caused misery and pain and suffering across the world.

Time has come to recover our Republic. Time has come to revive Liberty and Goodness in this Land. Long Live Liberty and Justice! Long Live Republic!
