

# ZULF HAS TO DECIDE WHETHER TO WIPE OUT ALL WHITE AMERICANS OR KEEP THE GOOD ONES AND SIFT THROUGH THEM

ZULFIKAR MOINUDDIN AHMED

I am annoyed that I have to do these exercises now. With this troubling understanding that White Americans will keep allowing these vile destructive evil criminals like Bill Gates threaten my beloved people the Human Race, I have to think about whether to wipe out *all* White Americans or I have to go through the trouble of sifting through them, keep the good ones and throw out the bad ones. I was not actually planning to do these sorts of things. I am a very senior level Archangel. Normally at my seniority Angels do not have to do these sorts of tasks.

I don't understand why American White People don't just kill Bill Gates. I might be tempted to just broad sweep wipe out all White Americans. It's not elegant but will safeguard the well-being of the Human Race who do not bring dangers of criminals who invade other people's Deep Interiors with impunity.

Just beware, I am not diligent. I'll wipe the whole lot of all American Whites if you keep irritating me.

## 1. NO LAST JUDGMENT AND END TIMES ARE NOT INVOLVED

I am an Archangel. I am not involved with various issues of Prophecies of Christianity and Islam and Judaism. In particular, I am not the Messiah; you will have to find someone else for those things. I am just an Archangel who was having a vacation on Earth to get away from stressful life elsewhere. But I am now having to do what is right by the Human Race. I do have some duty to not put the entire eight billion souls in harm's way knowing full well that White American People are lacking in their ardour for justice even when someone's Deep Interior is destructively invaded by an Evil Man and will worship the Evil Man. That's not a pleasant situation for me. I will be wracked with guilt if I allow all the White People to continue to pose a grave threat to the Human Race. I will have to do something about this situation before I die.

## 2. ON THE AMERICAN WHITES QUESTION

I like the right sort of question. I didn't like the Nazi "On the Jewish Question" all that much but I like the "On the American Whites Question" more. You see, American Whites have been enslaving black people in early nineteenth century, then during the Second World War they used nuclear weapons in Hiroshima/Nagasaki, and since then they have been just causing problems with wars in Korea, Vietnam, Iraq, Afghanistan. I was going to take a different approach to the problem but I cannot ignore history. They wiped out the Native Americans too. I will have to take a look at this situation.

I am the Reckoner over here. Now that's a good song. I love it [1]. I won't do perfect Reckoning so unless you want a bad outcome, you better kill Bill Gates fast.
