

## LETTER TO HARVARD DECEMBER 4 2021

ZULFIKAR MOINUDDIN AHMED

Bill Gates is not just white supremacist who has done untold damage to me, but he has billions of dollars invested in wars that in Asia.

If Harvard does not completely and absolutely sever all financial and every other relationship with him, I will immediately contact NAACP to file a motion to consider a purely racial supremacist organisation.

I don't really care what your beliefs are. If you even have remote association with Bill Gates you are thoroughly and fully a white supremacist institution and the world will have to adjust its relation to you.

Thanks,

Zulfiakar Moinuddin Ahmed

### 1. LOOK I DON'T GIVE A DAMN IF ALL INSTITUTIONS ON EARTH SHIMMER AND DISAPPEAR

My life is precious. I live once in this world and I don't really give a damn if all institutions and all continents disappear. Bill Gates has threatened my life in the most unspeakably horrible and disgusting manner. How long has Harvard been around? So 1636, that's 385 years right? Guess what when my Life is threatened I will not be worried about Harvard's sad tragic end after 385 years. Capiisce, so do not fuck with Zulf Harvard. You have not done very much for me while your boy Bill Gates destroyed all things in my personal meta with extreme racial hatred and I asked you for tenure and I am empty handed dying over here.

### 2. THE MORAL PROBLEM FOR HARVARD

You see, Bill Gates intruded on a Harvard *tenure consider* for me with US Industrial meta to damage my *exoskeleton* in the presence of Harvard Professors whom I do not know. So the question is what did Harvard do about this heinous destructive criminal act? Now I am isolated in Allen Texas taking daily dose of unbelievable denigration from my aunt, verbal abuse beyond belief because I am not getting any money because Bill Gates obstructed \$620 million from Finance that is my legitimate earning. I don't know what your moral standards are at Harvard. I was a Princetonian and never was a student or faculty at Harvard, but I would think that Harvard could infer that a man who uses US Industrial meta to harm an Asian-American man with 34 years of living as American, with Permanent Residency of USCIS# 046-077-179 from 1997, quarter of a century, etc. would provoke some response when the stated reason is that Bill Gates does not want non-white people getting tenured.

Maybe you have a more cynical sort of acceptance of racial murderers these days at Harvard but that is not well-known. Why don't you evaluate yourselves with some of your great talents in analysis and determine how you should be judged?

Take the total number of days passed since this event, examine the actions you took, and ask your law school to determine what would be the analysis of what you ought to have done, what extenuating circumstances you have, what you did right and what you did wrong, and what relation you had with the racial murderer Bill Gates. This is a good exercise for you.
