

NEARNESS TO DEATH DECEMBER 4 2021

ZULFIKAR MOINUDDIN AHMED

My head is feeling clogged in part of the back and it is clear that it is due to the harm Bill Gates has succeeded in causing me. There is a clear understanding that there is a pain here in my physical body that is intolerable. There is some memories of some Love. Perhaps something in Europe. In Rilke perhaps repeating earlier thought, there is a sense that in Love and in Death there is a pathway to awareness of a greater existence. I listened to *Sweetest Kill of Broken Social Scene*. Suddenly it becomes clearer to me that I must resolve something about this issue. I will seek out Julia in 13 days but am extremely unhappy with American Government on just how much destruction they had allowed Bill Gates to do to my personal meta. I feel disgusting and the pains in my body and head much of it is due to Bill Gates ugly disgusting considers. I don't know who in American Government White People are responsible for this horrible harm to me. I'll just leave orders to kill all of them and let fate sort out the consequences. What do I care for their pathetic lives?
