

"IN BILL'S WORLD NON-WHITE PEOPLE CANNOT SUCCEED"

ZULFIKAR MOINUDDIN AHMED

Today in meta with US Defense and Andrew Morton both witnessed Bill Gates talking about why I, Zulf, am not successful. He says "obviously" he crippled my finances and harmed me so that Thyself Inc. of mine does not succeed and he wanted white guys use my ideas and succeed. He thought Thyself Inc. was a good idea and would succeed but that "in Bill's World Non-White People Don't Succeed".

I am extremely irritated at the US Defense Department for not having killed him six months ago. He has cut into my eyes beyond Death Penalty levels long ago and many US District Court Justices put him to Death. He has been harming me nonstop, and I do have deep distrust of US Defense and other Federal Agencies that they will tell me whatever and allow him to continue because there is a positive probability that they are all corrupted by White Supremacists of Bill Gates type.

US Defense does not have forever to kill him. I will continue with my plan to threaten the entire United States Government with a bloodbath to replace the entire government with people not corrupted by White Supremacy.

1. ZULF'S COMMENTS

On the positive side, Bill Gates might be a White Supremacist cunt who is solely responsible for making my life a living Hell for the past year, but his suspicions are correct: my ideas are destined for success and they are good. I doubt very much that some white guys randomly can succeed with ideas that are not their own.
