

## ZULF'S REVENGE AND VENDETTA ON BILL GATES DECEMBER 2 2021

ZULFIKAR MOINUDDIN AHMED

I have lived through Bill Gates murder attempt for a year. My health is very poor. My breathing is laboured. My money, \$620 million is successfully blockaded. But I lived for a year after he had attacked me with such savage and evil methods that England discovered that he would have literally killed any Bengali man by their estimate. Now habituation to endurance and staying alive has been established.

There is a saying that I remember from some ancient text, maybe Marcus Aurelius or someone else, whose gist is that if you are going to kill someone, kill them, don't leave them wounded. Well Bill Gates wounded me badly, very badly and without any justification out of sheer racial hatred and evil malevolence. I am unhappy that white people in American government would allow such harm to an American without repercussions, and for this I have already told the American Government that I will not worry about *any loyalty at all* to the United States Government until *they* prove that they are a legitimate government. They have proven themselves to be illegitimate thus far, and so I will erase from my table any loyalty to the American government at all till they prove otherwise. My natural right of Life, then sacred to me, must be secured by my own devices and the national government is useless at the moment.

I will now return to my revenge and vendetta, and take ownership of my own fate. I will now devise some strategies with the outcome that I live, I am successful, and Bill Gates is destroyed and he is physically obliterated, and he is dead. That unfortunately must be the case. Bill Gates must be destroyed and killed. The question is how can I accomplish this?

Since I have no experience with physical violence at all, and since I was shot at 11 and was always averse to guns and military weapons, I will not seek him out and kill him myself. That will not be the appropriate approach. Instead, I will resort to various strategies where *other people* kill him. So that is the interesting problem. How can I arrange the world order where other people kill him and I don't lift a finger. I like that sort of idea. I like the idea where I have a happy life with my American Dream achieved, but he is dead and unsuccessful and his dreams are destroyed and extinct with him.

Now being a Princeton educated man, I say to myself, so we know the desired end condition. I say today is  $T_0$ , December 2 2021. I want a certain amount of time  $T$  to pass in the world, and then on  $T_0 + T$  we want the outcome that Zulf is successful and happy having my \$620 million and Bill Gates is unsuccessful and dead.

Let's start with who can actually kill him? Well the easiest answer are *nations*. England, France, Germany, Russia, and China are nations and they are able to kill him and they are Permanent Members of the United Nations Security Council. It

is becoming clearer that United States Government is unwilling to kill him. I like this because I do not want to kill him *under the table*. I want to kill him quite in the open with legitimate methods.

### 1. WHAT IS GOING FOR ME

UNSC made a death penalty judgment against Bill Gates for War Crimes and Crimes Against Humanity. So in theory they ought to have taken care of killing him. But they don't really want to do that. Otherwise they would not have punted and asked United States Government to execute their judgment.

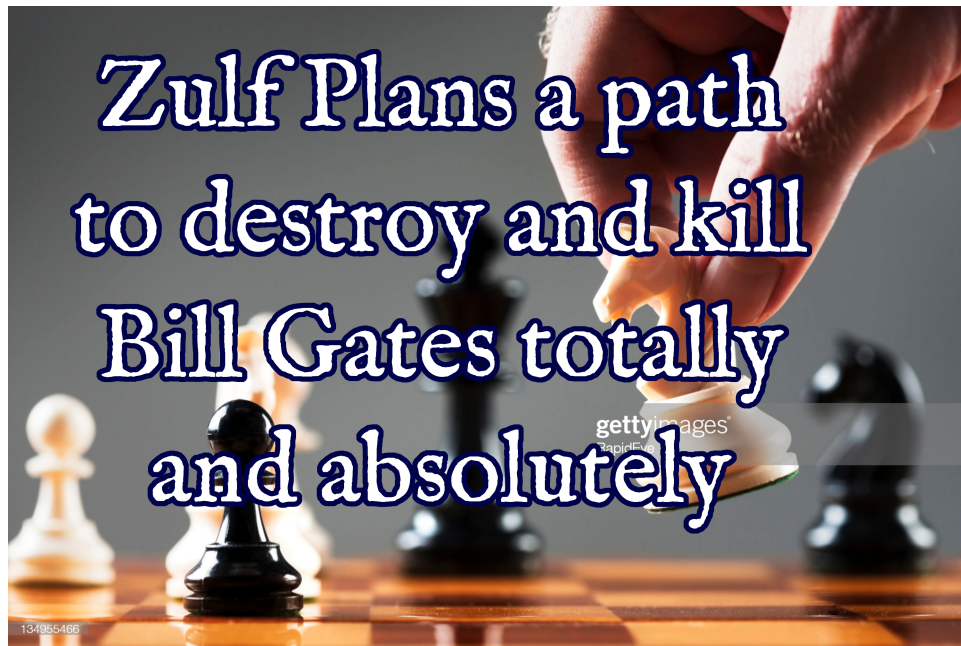

### 2. OTHER OPTIONS

India, Japan and some other countries could kill him, but let's put that to the side. I have already pushed the strategy of trying to *coerce* white people in American Government to kill him. They are supposed to enforce death penalty laws against him. But they don't want to do it.

### 3. WHAT ARE SOME OF THE FASTEST WAYS OF KILLING BILL GATES?

One way is for Russia to kill him. They don't want to do that unless American Government explicitly asks. And white people in American government would rather that Bill Gates kills me than I kill him. That's obviously not acceptable. I want myself to live, and Bill Gates to die. So then the issue is how can I get some of these powers to kill him *without permission of United States Government*. That's the new pathway of strategy for Zulf.

### 4. THE GLOBAL CHESSBOARD THE GAME CONTINUES

It was really Zbigniew Brzezinski's *The Global Chessboard* that gave me some idea of the issues of geopolitical issues from the point of view of the NSA Advisor

to Jimmy Carter and some others. I do take a look at Henry Kissinger's work sometimes, and of course George Kennan. For me it was always just a hobby. Now I am forced to rely on whatever skills I have just to survive. I, Zulfikar Moinuddin Ahmed, Archangel do not like being a victim of a Demon. I shall destroy and kill *him* instead. That's better for the world.

##### 5. ZULF QUICKLY REVIEWS MACBETH

Is this a dagger which I see before me,  
 The handle toward my hand? Come, let me clutch thee.  
 I have thee not, and yet I see thee still.  
 Art thou not, fatal vision, sensible  
 To feeling as to sight? or art thou but  
 A dagger of the mind, a false creation,  
 Proceeding from the heat-oppressed brain?  
 I see thee yet, in form as palpable  
 As this which now I draw.  
 Thou marshall'st me the way that I was going;  
 And such an instrument I was to use.  
 Mine eyes are made the fools o' the other senses,  
 Or else worth all the rest; I see thee still,  
 And on thy blade and dudgeon gouts of blood,  
 Which was not so before. There's no such thing:  
 It is the bloody business which informs  
 Thus to mine eyes. Now o'er the one halfworld  
 Nature seems dead, and wicked dreams abuse  
 The curtain'd sleep; witchcraft celebrates  
 Pale Hecate's offerings, and wither'd murder,  
 Alarum'd by his sentinel, the wolf,  
 Whose howl's his watch, thus with his stealthy pace.  
 With Tarquin's ravishing strides, towards his design  
 Moves like a ghost. Thou sure and firm-set earth,  
 Hear not my steps, which way they walk, for fear  
 Thy very stones prate of my whereabouts,  
 And take the present horror from the time,  
 Which now suits with it. Whiles I threat, he lives:  
 Words to the heat of deeds too cold breath gives.  
 (a bell rings)  
 I go, and it is done; the bell invites me.  
 Hear it not, Duncan; for it is a knell  
 That summons thee to heaven or to hell.

Marvelous. Just marvelous. Now I always check on some of these beautiful mythological references for some inspiration. I am generally more Prometheus-like in character, so I do have to pay attention to these dark natures with more attention to understand them a bit better.

Withered murder alarmed by the howls of his sentinel the wolf, pace stealthily, and with Tarquin's ravishing strides strides towards his design like a ghost. A beautiful and dark image of death approaching. Now Tarquin, the last king of Rome, 534-509 BC, what is this reference here? Ah he raped Lucreces. Wonderful,

Murder moves with howls of a wolf and a rapist's stride. I mean not wonderful in reality, murder and rape but beautiful embellishment of Murder in movement.

Well I am virtue oriented, so I will use this as a Symbol, a symbol of the sort of thing to justify somewhere in the Global Chessboard, for I don't really have it in me to do this dastardly deed myself at the moment. I won't go into it. I have to produce just enough rational incentive for one of these *powers* to do it.

I will have to think on this. Most interesting issue. Most interesting.

#### 6. THE ONLY POSSIBLE WAY TO KILL BILL GATES IS SIX POWER EAST-WEST ALLIANCE

UNSC already judged war crimes and crimes against humanity death penalty against Bill Gates. But UNSC is dumber than any organisation on Earth. They literally expect the white government of America to even touch Bill Gates. That will never happen. So the only way to do this is England, France, Germany drop NATO. Then form an East-West Alliance with Russia, China, and Japan. Then *after you form this Alliance* let's call it Eurasian Defense Alliance, then the Eurasian Alliance will, without consulting United States execute legislative decision of UNSC and militarily kill Bill Gates. Any other power killing him without an alliance will allow America to trigger wars in Asia.

I want this done now. I have to do what it takes to stay alive.
