

**BILL GATES I AM NOT A DELAWARE NATIVE AMERICAN
MY ARRIVAL AND STAY IN THE UNITED STATES IS FIRMLY
AUTHORISED BY FEDERAL GOVERNMENT**

ZULFIKAR MOINUDDIN AHMED

Bill Gates I am not a Delaware Indian unprotected by the United States Government. My arrival and stay and Authorisation and Rights and guarantees of Natural Rights are secured by the Federal Government of the United States of America. White Settlers like yourself from podunk Seattle are beholden to either follow United States Law or be killed by the United States Government. You have violated White Law by cutting into my Blood Meta. You have violated my Natural Rights of Life, Liberty, and Pursuit of Happiness. You have sabotaged my American Dream withholding my legitimate earning of \$620 million. The United States Government is obligated, and not by its discretion but by Constitutional Mandate to eliminate you and resuscitate and give me reparations for Natural Rights damaged and all harm to me in order to continue to operate as a legitimate Government representing the Will of the American People, who are 330 million people of many ethnicities. No one gives a damn about your own ethnicity if you are a murderous confessed criminal. You have just revealed to the United States Government, who are tasked by the consent of the governed, some 330 million people, that you have been routinely killing non-white Americans. I will obviously ensure that all American White People in Government are tried and executed for their continuous conspiracy with the murderous criminals like yourself unless they want to eliminate you.

Date: November 28, 2021.

1. REPEAT OF MY AUTHORISATION

Let's go over this again because you fail to understand the issues of being American. You see the expiration date? That is on the lower right. It says "2/19/31". So today is November 28 2021. In roughly a decade, you might be able to do something to fanagle my authorisation to live in the United States at all. I do not break United States Law at all. Why would I? I am a Princeton magna cum laude from 1995. I do not want to denigrate my stature by violating law. I am 49 now, and so it is not in my interest to break laws of the country. In fact, besides shoplifting a Cadbury chocolate bar once in 1995 in Broadway New York, shoplifting a pack of tarot cards in 2008 in 5th Avenue and 18th Barnes & Nobles, and sleeping on a park bench after hours, you will find no egregious violation of laws by me.

Now this particular ID card is a representation of a large number of things. Supporting this is a *legally binding contract* between myself and United States Government. Usually, the obligations of the Government are not an issue but now they are. They are obligated by contract and not just by the foundational US Declaration of Independence Preamble to secure my rights of Life, Liberty and Pursuit of Happiness by assault on these by others, such as yourself. And so the

BILL GATES I AM NOT A DELAWARE NATIVE AMERICAN MY ARRIVAL AND STAY IN THE UNITED STATES IS FIRMLY

United States Government can and will be held to account for their failure to fulfill their obligation to me for which they are contract-bound and US Supreme Court and other bodies exist that can lead to the entire United States Government unraveling for their failures.

2. TO THE EXTENT THAT UNITED STATES GOVERNMENT LIES TO AMERICAN PUBLIC IT IS UNCIVILISED

You see, United States Government is not *on the surface* the government of a Classical Liberal Multi-Ethnic Democratic Republic. There is no surface there. There is actually *nothing else at all* underneath this surface. So when United States Government goes lying to people, it is not doing anything clever. Instead it is like the little abominable animal that eats its own flesh. In other words it is committing self-sabotage in ways that almost any Old World Civilisation would survive but United States of America cannot afford because there is nothing behind to shore anything up. It is a nation of assorted random immigrants. I am always amazed at the idiocy of people who pretend that there is a great illustrious Civilisation behind a random assortment of immigrants with a foundation in government that is all written out in detail, and people think they are being clever when they think they will *twist* the government into something else. There is nothing else there at all. Where is the Altar and the Throne with a thousand year history? Ah, in Rome, in Vatican? Well, guess what? That's not in *America*. Oh, oh, you are most impressed by the great Charlemagne, and you love the posture on the horsey, huh? Guess what American White People in Government. You ain't no Charlemagne. You're not a Frankish man dealing with a divided Europe. This is what it is and isn't your fantasy fairy tale from lands far away. I cannot believe that I have to spell it out for you.

3. LET ME TELL YOU ABOUT GREATNESS OF AMERICA

You see, I am an Immortal American Genius, and I'm right here you morons. You think what Ghost of Charlemagne is going to beat Zulf at greatness? I have lived for 34 goddam years in America. How many years did Charlemagne live here you morons? You think Charlemagne will out-great Zulf in American Greatness? How about Napoleon? How about Richard the Lionheart? How about Shakespeare? They cannot compete because they are not in the goddam game! I am and I win against all illustrious Europeans by default.
