

MIT SLOAN AND HARVARD BUSINESS SCHOOL OUGHT TO FOCUS ON DESTROYING BILL GATES

ZULFIKAR MOINUDDIN AHMED

I have Finance Genius (ask Andrew Morton or Ronald Layard-Liesching or Robert Merton) and my ideas are good. Your \$1-2 will be in good hands if you can actually invest with me.

You have a much bigger problem. Bill Gates is a monster to be slain. Bill Gates uses esoteric forbidden black magic and racial powers to harm people's eyes and has all manner of evil agenda, and uses power to disrupt Finance processes. For example, D. E. Shaw & Co. owes me \$120 million for beautiful Finance work on which they have \$6 billion but Bill Gates has been using his powers to ensure non-white people cannot have financial success.

Why don't you give me \$1-2 billion as soon as possible and focus your energy on destroying Bill Gates; I recommend relentless bombing and total obliteration of all his businesses and his physical body and confiscation of all his assets. He is a Malevolent Criminal who needs to be wiped out from existence.
