

**SEEMS TO ME THAT BILL GATES WANTS TO COME CLEAN
AND CONFESS HIS MURDEROUS CRIMES**

ZULFIKAR MOINUDDIN AHMED

Bill Gates just said, and I heard it quite clearly, "I have been routinely beating murder raps for many decades". Well, that's a surprise. Usually murderers do not confess and come clean about their crimes. To me it sounds like he wants to confess to his murderers. American Diplomats, to me it seems like Bill Gates, a career criminal is finally ready to come clean and confess to his deliberate evasion of law enforcement for criminal law of our nation. His collaborators like Mitch McConnell can tell you how they arranged white meta to be immune from law enforcement. Now that is quite surprising to Zulf. I did not know that career murderers ever want to come clean.
