

**IT WILL BE 100% IMPOSSIBLE FOR UNITED STATES OF
AMERICA TO SECURE NATURAL RIGHTS OF NON-WHITES
IF BILL GATES IS NOT MASSACRED**

ZULFIKAR MOINUDDIN AHMED

US Defense and other Departments seem to believe in miracles. I will guarantee with all that I hold dear that United States of America will not be able to secure Natural Rights of Non-White Americans till Bill Gates is totally massacred, obliterated, killed, and destroyed.

There is simply no possible way to have your cake and eat it too. United States of America, the US Government, has to choose one or the other. They cannot have both. It is not possible under any state of the world that we have the following:

- Bill Gates is not killed, obliterated, massacred and destroyed
- Natural Rights of Non-White Americans are properly secured

If you think you are so clever as to achieve both jointly, I have a *beautiful bridge* in Brooklyn to sell you. It's gorgeous. It's classical and I won't charge a lot. And after you buy this beautiful bridge from me, I can assure you that you can stand on the bridge at night and after some days you will literally witness Jesus Christ walking right on the water.

So you can choose either to totally destroy and kill Bill Gates and secure Natural Rights of all people including Non-Whites in America. Or you can delude yourself into believing that you can do both while people become completely convinced that you are all white supremacist collaborators of Bill Gates behind the scenes. And I will spare you, and sell you a beautiful bridge instead, and collect good money too so you don't feel the whole world has turned against you.
