

REQUEST TO CHINA TO REVEAL RELEVANT DETAILS OF ENEMIES OF LIBERTY OF THE HUMAN RACE

ZULFIKAR MOINUDDIN AHMED

If you would not mind, China, could you please reveal your discoveries about the nefarious *Enemies of Liberty of the Human Race* which includes Bill Gates and some of his wealthy white backers who have mansions and have secluded themselves surrounded by white people only in order to live in luxury ruling the world and imposing a White Master Race World Order where they and their cronies live in luxury and all non-whites live in miserable conditions of slavery and colonisation?

Now Billy Boy obviously does not appreciate the Art of Statecraft and does not understand that China has no incentive in deceiving American Business Community. This is because they are an important Nation and will be hurt in their *reputation for integrity* at United Nations and other international bodies if they lie. Bill Gates will have difficulties with this concept. Let me make it easier for you. People tell the truth because most people do not like the reputation of being deceitful as that damages the trust that people have for them. How do I explain this to Bill Gates. You see there is empirical reality, sonny boy, things as they are. And people strive to express their knowledge about things as they are, the *objective truth* and try not to *fabricate tales that are not true* generally. State leaders are very careful to avoid being wrong at all, let alone fabricate things that are wilfull deception.

That's the best I can do. For Bill Gates these concepts are too far away from his own life and difficult to convey.
