

## TO ALL US FEDERAL GOVERNMENT EMPLOYEES AND OFFICIALS

ZULFIKAR MOINUDDIN AHMED

US Declaration says Government's job is securing Natural Rights of Americans. You have failed thus far in securing my Natural Rights and my life is threatened. Do not mistake this: I don't give a flying fuck about any of your lives. Fix this or I will wipe out every one of you son of a bitches without blinking. Do you understand me? We can get others to take your spot who can do their jobs.

### 1. EFFECTIVE POLITICAL IMPLICATIONS

Even if there is a 0.001% chance that I will succeed in wiping out the entire US Government bureaucracy, it is too high a risk for any Federal Employee who might feel that they have served the country loyally and most of the sorts of criminals who violate Natural Rights of others are easily handled by US Police and FBI. Who the fuck is Bill Gates to them? Why should Bill Gates have any right to get in *their way* be a cause for *them* to lose their reputation, cause risk to *their* lives?

Now Bill Gates will claim he has illegitimate power to kill people but they are obligated to prevent *exactly this sort of criminal* from corrupting the US Multi-Ethnic Classical Liberal Democratic Republic. So even if it is totally unrealistic, I am safe from their wrath because I stood on US Declaration, a totally safe National Position, while Bill Gates is on a different Autocratic platform saying "Natural Rights are claptrap". So all US Government Employees are better off killing Bill Gates and securing *my* Natural Rights than listening to a Malevolent Racial Supremacist *Criminal Element* like Bill Gates.

This will favour US Government Employees being motivated to destroy Bill Gates as a problem for their own interests and that of the United States of America.

This, ladies and gentlemen, is a *pure political play* of the *Republic variety*. I am a master politician in a Republic. Don't fuck with Zulf.
